RELIEF TRAINS REACH HALIFAX THROUGH STORM

Estimated That Casualty List Will Reach Near Fifteen Hundred

INVESTIGATION REVEALS 20,000 PEOPLE HOMELESS

Between Three and Four Thousand Homes Have Been Destroyed

(Associated Press Telegram.)
Halifax, Dec. 8.—(From a staff correspondent of the Associated Press.)—The Massachusetts relief train that left Boston Thursday night arrived here today. There is absolutely no way of estimating with any degree of accuracy the number of dead as a result of the explosion on Thursday. Fifteen hundred dead is the generally accepted figure by the authorities. In one morgue there are 300 bodies.

The later was viewed by a multitude today but only a few were identified. There are probably 200 other bodies on view awaiting identification. In the greater number of cases this will be impossible. A citizens committee issued a statement saying that between 3,000 and 4,000 dwellings occupied by the poorer classes had been destroyed affecting approximately 25,000 persons. Investigation shows that almost 20,000 persons are destitute.

Sir Robert Borden, the premier, who has arrived here, conferred with local committees and this afternoon issued a statement expressing thanks to the people of the United States for their generous aid. The premier referred gratefully to the arrival of the Massachusetts relief train.

Snow to the depth of two feet covers the devastated area. The district is under strict guard, Canadian soldiers being assisted by American bluejackets.

The mayor today issued an order suspending the Sabbath holiday and directing that all stores remaining safe for occupancy, be kept open and all labor continued.

Search of the ruins is greatly delayed by the heavy snow though many injured had been removed to nearby towns before the storm set in.

HALIFAX IN GRASP OF BLINDING STORM

(Associated Press Telegram.)
Halifax, Dec. 8.—A blinding "north country" snow storm, accompanying a gale that at times attained a velocity of more than forty miles an hour, had held this city of desolation in its grasp for the past 24 hours, adding new terrors to the awe-stricken survivors of Thursday's disaster and greatly impeding the progress of relief trains hurrying here from the United States and Dominion cities with their urgently needed supplies.

The Massachusetts relief train which was due to arrive early this morning, was stalled in great snow drifts near Amherst last night and while snow plows were pressed into service to clear the tracks, the progress was so slow that the time of the train's arrival (Continued on Page 9, Col. 4.)

CONGRESS HAS ADJOURNED UNTIL NEXT WEEK AFTER WAR DECLARATION

(Associated Press Telegram.)
Washington, Dec. 8.—The United States was at war with Austria Hungary today as a result of a joint resolution adopted by congress and approved by President Wilson. The state of war exists from 5:03 p. m. yesterday, the time when the president signed the declaration and completion of the formal steps only the issuance of an executive proclamation.

The action of congress came swiftly and with one dissenting vote, that of Representative London, socialist, who said his party's platform pledged him to opposition to the war. In the senate, where an attempt to include Turkey and Bulgaria among America's enemies had been predicted, the debate lasted only an hour and the senate resolution, following closely the declaration against Germany, was sent to the house where it was approved instead of a longer house resolution setting forth numerous reasons for the action.

The resolution adopted declares the existence of state of war between the "imperial and royal Austro-Hungarian government and people of the

COSSACK HETMAN NEARING MOSCOW?

General Kaledines.

Late reports from Russia say General Kaledines, hetman of all the Russian Cossacks, is marching on Moscow at the head of an army of 100,000. Kaledines is credited with control of all the nation's gold and all the bread resources in southern European Russia.

ITALIANS AGAIN LOSE HEAVILY IN PRISONERS

(Associated Press Telegram.)
London, Dec. 8.—The number of Italians captured by the Germans and Austrians in their new offensive exceeds 16,000, according to an official Austrian announcement. Strong points east of Asiago have been stormed, the statement says.

WILL REPUDIATE FOREIGN LOANS

London, Dec. 8.—The Bolshevik government, according to a Reuter dispatch from Petrograd is preparing a decree repudiating all Russian foreign loans and loans concluded by land banks and railways on government guarantees. Shares of internal loans held abroad also will be repudiated.

BRITISH OCCUPY GREAT TRENCHES OF HINDENBURG

While Germans Are Forced to Build New Underground Habitations

GERMAN ADVANCE BEING HAMPERED BY TOMMIES

British Barrage Fire Results In Death of 2,000 In One Place Alone

British Headquarters in France, Dec. 7.—(By the Associated Press.)—The Germans today continued their work of re-occupying the devastated region bequeathed to them by the British when General Byng made his withdrawal from the Cambrai salient.

It was an unsavory task that faced the enemy. The Bourlon wood still was reeking with poisonous gas, Graincourt, Anneux, Catant, Noyelles, Marcoing and Masnières were a waste of ruins, and the low-lying grounds on which the Germans had apparently planned to dig their new trenches was overlooked by the British positions.

Into this desert the big guns were hurling tons of explosives and machine gunners were whipping a constant stream of bullets into the ranks of the enemy sent forward prospecting for desirable points available for defense. Meanwhile, the major portion of the British army was sitting comfortably in their new home, their consolidation virtually having been completed, before they started to retire at midnight Tuesday.

As a matter of fact, part of their work was done for them by the Germans in the famous Hindenburg trenches. The wonderful German dugouts and network or front-line and communication trenches were all at the disposal of the Tommies, who look out with unconcerned satisfaction at the former occupants, now laboring miserably to build underground habitations.

Fighting continued today at many points between advanced patrols of the British and the Germans. In the region of La Vaquequerie the Germans gave no indication that they had abandoned their attempt to oust the British from the high ground just north of La Vaquequerie village. The advance of the Germans into the evacuated territory has much hampered by the harassing methods of the British.

The British who held Bourlon wood so gallantly were compelled to wear gas-masks most of the time they were in the forest. The ground was swampy in many places and the whole wood was covered with underbrush. These two features resulted in gas hanging around the woods in clouds all the time. At some points it was perilous even (Continued on Page 2, Col. 1.)

ICE CRUSHERS READY TO KEEP CHANNELS OPEN

(Associated Press Telegram.)
Sault Ste Marie, Mich., Dec. 8.—With the coldest weather of the season prevailing in the Lake Superior region, far below zero during the night, a large fleet of ice crushers was ready today to keep channels open so that the last possible cargo of grain may be sent down the lakes before navigation terminates. At virtually all the upper larger ports ice has been forming for several days and with predictions of continued low temperatures it was expected all the ice breakers soon would be in action. Four inches of ice is reported in the river at Ft. William where a score of grain carriers are waiting at the elevators. It is hoped to send several million bushels of grain down before navigation ends.

ANOTHER COUNTRY JOINS HANDS WITH ENTENTE ALLIES

(Associated Press Telegram.)
Guayaquil, Ecuador, Dec. 8.—Ecuador has severed diplomatic relations with Germany, according to an official announcement made by the government today.

JACOB JONES, U. S. DESTROYER SENT TO BOTTOM THURSDAY NIGHT AT 8 O'CLOCK WHILE ON PATROL DUTY; OVER TWO-THIRDS OF SHIP'S CREW DROWNED

IS ARCH LEEDY NEWARK'S FIRST SACRIFICE?

ARCH LEEDY

Arch Leedy, one of this city's finest young men, is in all probability Newark's first sacrifice in the great world war. Leedy whose home was at 23 East Holiday street, son of Mr. and Mrs. Daniel Leedy, enlisted in the navy two years ago at the age of seventeen. He was a machinist mate on the U. S. S. Jacob Jones which has been destroyed by a German submarine with heavy loss of life. Leedy's name does not appear in the partial list of the 37 survivors out of the crew of 100. On Sept. 24th, last, The Advocate received an appreciative acknowledgment of the bronze service medal sent to Mr. Leedy and on October 10th published a cheerful letter from him. Newark friends who have read today's newspaper bulletins are hopeful that Leedy's name may yet appear among those saved.

ITALIANS FIGHT DESPERATELY INVASION OF AUSTRO-GERMANS

(Compiled from A. P. Dispatches.)
One of the American destroyers in the European war zone, the Jacob Jones, was torpedoed and sunk on Thursday while on patrol duty. A considerable part of her crew was lost. There are 37 known survivors, who were taken off on life rafts. The lost destroyer which displaced 1,150 tons, was one of the newest and largest of this type of American war craft.

Ecuador had been added to the list of South American nations which have broken relations with Germany. Announcement of the diplomatic severance was made in Guayaquil today. Portugal which has been in the war on the side of the entente since early in 1916 and has troops on the western front and engaged in the East African campaign, is experiencing renewed internal troubles. Revolutionary outbreaks in Lisbon, the capital, and the Oporto the second city, are reported.

America's declaration of war on Austria-Hungary comes at a moment when the Italian northern front be-

GOVERNMENT WILL RE-DISTILL ALL OF SEIZED LIQUORS

(Associated Press Telegram.)
Salt Lake City, Utah, Dec. 8.—All intoxicants seized since the state went dry a few months ago are to be placed at the disposal of the federal government for re-distilling, the alcohol contents to be devoted to military uses. Acting on a request from the assistant general's office at Washington, Governor Rumbarger directed the adjutant general of Utah to begin a survey today of all the liquor held by the state. It is said many thousands of gallons are in possession of the state in Salt Lake City and Ogden.

Arch Leedy of This City, Aged 19, On Board Boat and His Name Is Not Among the First List of Survivors

BROTHER OF SECRETARY OF NAVY'S WIFE BELIEVED LOST WITH SHIP

Name of Lieutenant Commander David Worth Bagley Does Not Appear in the List of Survivors Forwarded to Washington By Vice Admiral Sims—Jacob Jones Went Down in Icy Waters of North Atlantic and Part of Crew, 37, Picked Up Afterwards From Life Rafts

(Associated Press Telegram.)
Washington, Dec. 8.—Torpedoed in a night attack, the American destroyer Jacob Jones, one of the newest and largest submarine hunters of her class, was sunk Thursday night in the war zone and two-thirds of her crew lost. The disaster brings to the American people the first naval loss of great consequence since the country entered the war.

Thirty-seven of her officers and crew were taken off in life rafts. The remainder are not accounted for in today's dispatch from Vice Admiral Sims, who forwarded the names of 10 of the survivors. Lieutenant Commander David Worth Bagley, brother of Mrs. Josephus Daniels, wife of the secretary of the navy, and whose brother was the first American officer to give his life in the Spanish-American war, does not appear in the list of survivors.

Inasmuch as Admiral Sims mentioned other officers among the survivors and did not name Bagley, it is feared he went down with his ship. The complement of the Jacob Jones in peace times was five officers, five petty officers and 87 enlisted men. Undoubtedly this has been increased to a hundred or more. From the first report it would appear that the loss of life would be upward of 60.

The attack, which was at 8:00 o'clock at night, was delivered by a submarine in the rolling icy seas of the North Atlantic winter weather by the submarine probably had plenty of opportunity to pick her time for the shot. The submersible probably came up on the destroyer patrolling her course in the dark and had all the best of the engagement. No details were contained in today's report but it has been the case heretofore that when a submarine gets a hit on a destroyer it is more due to chance meeting and good opportunity than fighting skill on the part of the submarine.

The large loss of life would indicate that the torpedo, with its deadly charge of high explosive, made a fair, hit plump on the destroyer's thin hull and that the submarine hunter probably was blown fairly in two. That she went down quickly is evidenced by the fact that nothing is said of survivors getting off in life boats. Those saved got off on rafts which probably floated off the sinking ship as she plunged down in the icy darkness.

The Jacob Jones was the ship which saved 305 persons from the Orana, a P. and O. liner, converted into an auxiliary cruiser on October 19. The Orana had been torpedoed by a submarine while she was acting as a part of a convoy of merchant vessels under escort of American destroyers. The Jacob Jones was one of the convoy.

The Jacob Jones and another destroyer were detailed to remain by the Orana after the submarine had been attacked and put out of action. When the Orana began to settle it had grown dark and her crew abandoned her. The Jacob Jones picked up in the darkness 305 of the 478 persons on board. The other vessel standing by rescued the remainder.

The Jacob Jones' peace time complement was five officers, five petty officers and 87 men. She was one of the newest and largest of American destroyers, with a displacement of 1150 tons and a length of 310 feet over all. She was completed in 1916 at the plant of the New York Shipbuilding Company, Camden, N. J. She burned oil, was driven by turbine engines and had a speed of 29.37 knots an hour.

A partial list of enlisted men of the Jones, as given out by the navy department, follows:
Harold W. Aagaard, seaman; father, Peter Aagaard, Elizabeth, New Jersey.
Henry P. Anderson, gunner's mate; father, Jens P. Andersen, Belding, Mich.
John Elelatowicz, seaman; uncle, Anthony Kuchta, Baltimore.
John T. Brammell, water tender; wife, Jessie Brammell, Newport, R. I.
Phillips Jacob Burger, seaman; mother, Elizabeth Burger, Lansingburg, N. Y.
John Edward Butler, fireman; wife, Nora Butler, Charlestown, Mass.
James Brannigan, fireman; Marv Hecker, Johnstown, Pa.
George Frederick Bryan, seaman; father, John T. Bryan, Quincy, Mass.
David Roy Carter, fireman; father, David A. Carter, Forsythe, Ga.
Howard A. Chase, quartermaster; father, George C. Chase, Nantucket, Mass.
Frank William Chappie, seaman; father, Reinhold Chappie, Charlestown, Mass.
John J. Conney, chief water tender; sister, Katie Forstrom, Brooklyn, N. Y.
Charles Chilton, gunner's mate; father, Robert Chilton, Rockland, Mass.
Charles Charesworth, boatswain's mate; wife, Anne Charesworth, New York City.
Maurice Joseph Costigan, seaman; mother, Jane Costigan, East Boston, Mass.
Joseph Arthur Cossalt, chief yoe-

man; uncle, Albert Cossalt, Bloomfield, Mo.
Clifton Cranford, electrician; mother, Fannie E. Cranford, Hatfield, Ark.
James Frank M. Cross, gunner's mate; wife, Mrs. Mary E. Cross, Baltimore.
Clifford Vernon de Forest, chief electrician; wife, Beulah de Forest, Chicago.
Albert de Mellow, seaman; father, Antonio V. de Mellow, New Bedford, Mass.
Edward Tom Dismuke, gunner's mate; next of kin, and residence not given.
Lillius Ford Devilbiss, gunner's mate; father, George Devilbiss, Philadelphia, Pa.
William Augustus Donovan, boilermaker; wife, Anna L. Donovan, Newport, R. I.
George Dolzal, water tender; father, Joseph Dolzal, Cleveland, O.
Jeremiah Downing, machinist's mate; brother, Patrick J. Downing, 119th Co., Coast artillery corps, U. S. A., (as of August 8, 1916.)
Carl George Ebisch, quartermaster; mother, Augusta Ebisch, Erie, Penn.
Harry Louis Gibson, boatswain's mate; wife, Susan G. Gibson, Philadelphia, Pa.
Lester Joseph Gilson, seaman; mother, Alvina Gilson, Green Bay, Wisconsin.
Schuyler Gregory, coppermith's wife, Alma Gregory, Nashville, Tenn.
Edward Francis Grady, fireman; (Continued on Page 2, Col. 1.)

BRITISH OCCUPY GREAT TRENCHES OF HINDENBURG

(Continued from Page 1.)
to remove the mask to eat or drink and this necessitated frequent relief. It was also extremely difficult to dig in as every time a spade full of earth was turned the soggy soil gave out more gas. Yet it is believed the British could have maintained the wood if it had been necessary and advisable.

It is impossible, of course, to give adequate estimate of the number of German troops employed in the operations along the new battle line since General Byng began his push on November 20, but it is probably far over the way to say that the enemy had something like 250,000 men. Not all were actually engaged in the fighting, and some were used as relief, but upward of that number were in the Cambrai sector. Many recently had been brought from other fronts. The British withdrawal leaves the British in full possession of the Hindenburg line between the Nord canal and Villers-Plouich. East of Villers-Plouich the British lines cross the system and then southwest toward Gauche wood which the British still hold. The new positions are exceedingly strong and the Germans are giving indications that they intend to dig themselves in along the line a respectful distance from it.

British artillery fire upon the evacuated zone is very heavy and the Germans have suffered considerable casualties. Something like 2000 Germans were killed at one place north of Plesquiers yesterday afternoon by artillery fire. These had pushed forward and were exerting pressure against the British near Orival wood. The British fell back slightly and the Germans also retired to a position behind the wood where they assembled in large numbers. The British artillery put down a heavy barrage and badly smashed the entire force. Yesterday afternoon the Germans also attacked again about La Vacquerie, but were repulsed with machine-gun fire. The British still hold the high ground near here and the Germans continue infantry assaults in an attempt to oust the defenders.

U. S. DESTROYER JACOB JONES SENT TO BOTTOM BY U-BOAT

mother, Katherine M. Grady, Swampscott, Mass.

Restituto Echon, mess attendant; father, Regeno Echon, Samar, P. I. Thomas Emilinssen, gunners mate; next of kin and address unknown. Gustave Eulitz, Jr., seaman; father, Gustave Eulitz, Philadelphia. Albert Lewis Everroad, seaman; father, Willard Everroad, North Vernon, Ind.

Charles French, fireman; mother, Nora French, New York City. Thomas Henry Flanagan, apprentice seaman; aunt, Katherine Flanagan, South Boston, Mass.

Reginald John Fisher, seaman; father, Fred W. Fisher, Connerville, Ind. Patrick Henry Judge, fireman; father, Stephen Judge, Mitchell, S. D. William H. Kearney, fireman; mother, Sarah Kearney, Bristol, S. D. Lawrence Gorham Kelly, electrician, next of kin not given.

Joseph Korzenietz, fireman; mother, Anna Korzenietz, Survive, Russia. William Frank Laskon, fireman; father, Wm. Laskon, Camden, N. J. Herbert Paul Lentz, fireman; father, A. Lentz, Allentown, Pa.

Frederick Magerheimer, fireman; brother, Robert P. Magerheimer, Brooklyn, N. Y. Henry Joseph Maletz, seaman; father, Wallace Maletz, Brounbrok, N. J.

Donat Marchland, seaman; father, Eugent Marchland Fall River, Mass. Frederick Aloysius Marshall, seaman; wife, Lillian Marshall, Mattapan, Mass.

Edward Meier, water tender; father, John P. Meier, Bay City, Mich. John Patrick Murphy, fireman; mother, Mary Murphy, Charlestown, Mass.

Simon Thomas Murphy, fireman; brother, Joseph Murphy, Rockford, Ill. John Joseph Mulvaney, seaman; father, John Mulvaney, Van West, N. Y.

John Francis Murphy, ships cook; mother, Julia Murphy, Newport, R. I. Alphonse Montiel, mess attendant; mother, Hermogena Maestro, Rombol, Capiz, P. I.

Walter Morrisette, ships cook; mother, Carrie Morrisette, Council Bluffs, Iowa. Clarence Earl McBride, chief boatswain mate; wife, Florence McBride, 303 Graves st., Syracuse, N. Y.

Bernard Joseph McKeown, fireman; brother, Patrick McKeown, Philadelphia, Pa. John William McGinty, water tender; brother, Robert McGinty, Providence, R. I.

Marlin Joseph Nee, chief machinist's mate; wife, Katie M. Nee, South Norwalk, Conn. Ben Nunery, seaman; father, Fred A. Nunery, Edgemoor, S. C.

Arthur Joseph Peterson, quartermaster; brother, Carl Peterson, Chicago. Henry Philippe Parreau, oiler; mother, Anna Parreau, Camden, New Jersey.

Edward Wallace Felton, seaman; mother, Marie Stevens, New Castle, Penn.

John James Flaherty, machinist's mate; mother, Margaret Flaherty, Bath, Maine. Myron Nelson Flood, seaman; father, Eugene Elmer Flood, Greenwich, Conn.

James Alva Francis, electrician; wife, Clara Francis, Osgood, Ind. Clifton Stephen Grinnell, seaman; father, George B. Grinnell, Pawtucket, R. I.

Boyd Martell Hamp, electrician; mother, Minnie Beiden, Cashmere, Wash. Leland McKeand Highet, seaman; mother, Catherine Highet, Spencer, Ind.

Luther Hill, fireman; wife, Mae Hill, Philadelphia, Pa. William Penn Hughes, carpenter's mate; wife, Mrs. Wm. Hughes, Scranton, Pa.

Lawrence Hansen, apprentice seaman; father, Albert Hansen, Chicago. Francis John Jackolski, fireman; father, Vincent Jackolski, Baltimore, Md.

Dock Johnson, chief cook; wife, Lorena Johnson, Philadelphia, Pa. John Clifford Johnson, seaman; mother, Louise Johnson, South Minneapolis, Minn.

Archie Leedy, machinist mate; father, Daniel K. Leedy, 23 Holliday street, Newark, O. John Michael, seaman; sister, Mary Osizio, Adams, Mass.

Joseph Anthony Mendes; father, Antonio Sousa Mendes, Providence, R. I. George Christian Merkel, machinist mate; mother, Catherine Merkel, Philadelphia.

James Francis McManus, fireman; mother, Elizabeth McManus, Charlestown, Mass. Ernest H. Pennington, attendant first class; wife, Grace F. Pennington, West Philadelphia, Pa.

The Officers Were: Lieutenant Commander D. W. Bagley; mother, Mrs. A. W. Bagley, Washington, D. C. Lieutenant J. C. Richards; wife, Dorothy G. Richards, Washington, D. C.

Lieutenant Norman Scott; father, Robert Scott, St. Louis, Mo. Ensign N. N. Gates; aunt, Gertrude F. Gates, Bay City, Mich.

Assistant Surgeon L. L. Adamkiewicz; mother, Victoria Adamkiewicz, Milwaukee, Wis. Gunner Harry R. Hood; next of kin, mother, Belle Hood, Asheville, N. C.

ARCH LEEDY LONGED FOR SEA WHILE YET A YOUTH IN SCHOOL. Arch B. Leedy is a son of Mr. and Mrs. Daniel Leedy, Holliday street, and is aged 19 years, having enlisted two years ago last month in Columbus, O. His father, a former B. & O. conductor, lost an arm in the union passenger depot, Columbus, September 24, 1916.

Arch left school and started to learn the machinist trade in the B. & O. shops, leaving shortly after with his brother, Frank, one Saturday evening to visit relatives in Columbus. He remained all night and Monday; went to the naval recruiting station and enlisted, being sent from there to Cincinnati, where Arch telegraphed his father and mother. He was later sent to Norfolk, Va., and after a course of training was assigned to the United States destroyer, Jacob Jones.

It was while stationed at Norfolk that Mr. and Mrs. Leedy visited their son and were taken all over the Jacob Jones and met several of the officers. Arch was sent a wireless when his father was injured and he left his ship at the first American port and came on to Newark for a visit with his parents and his brothers and sisters. He was a great favorite with all his friends and was especially fond of life on shipboard. When a youngster at school he always talked of boats and ships, and said some day he, too, would go to sea. It is to be sincerely hoped that he has been saved.

The Advocate was the first to inform the Leedy family of the torpedoing of their son's ship and Frank Leedy, a brother of Arch, residing in West Main street, came to the office and watched each word as it came over the Associated Press wire into the Advocate office, hoping that the name of his brother would be seen in the list of survivors. Arch has five brothers and two sisters: Frank, Melvin, a machinist at the American Bottle plant, who resides in South Third street; Walter, residing in Youngstown, O.; Elmer, an employee of the Electric Shop in Fourth street; Arthur, a twin brother of Arch, who resides in Barborton, O., where the mother is visiting; and Misses Eva and Grace, residing at home.

WAREHOUSE LEASED BY THE GOVERNMENT DESTROYED BY FIRE. (Associated Press Telegram) Chicago, Dec. 8.—A warehouse recently leased by the government for the medical division of the army was destroyed by fire of mysterious origin today. Chemicals among the stores caused a number of small explosions.

The flames burned so fiercely that only the walls of the five story structure were standing when firemen arrived. The building stood at South Dearborn street and West Portieth street. Major W. S. Shields and 35 employees fled from the flames. Major Shields said he had no comment to make on suspicions of firemen that incendiaries started the fire.

SIX YEAR TERM FOR PRESIDENT OF FINLANDERS. Stockholm, Dec. 7.—The proposal submitted to the Finnish landtag by the senate provides that Finland shall become a republic with a president elected for a term of six years, according to advice reaching here from Helsinki. The proposal provides that the first election shall be held Jan. 15 and the president is to take office April 15. Until then the premier is to act as the head of the republic.

CONGRESS HAS ADJOURNED UNTIL NEXT WEEK AFTER PASSING WAR DECLARATION. (Continued from Page 1.) Austria was introduced yesterday by Representative Sabath of Illinois. The roundup of Austro-Hungarian enemies began today throughout the United States with agents of the department of justice being assisted by local authorities.

With the declaration of war more than a million subjects of Austria-Hungary, living in this country, were added to the lists of alien enemies. Inasmuch as many of them, although Austro-Hungarian subjects, actually sympathize with the cause of the United States and the allies, the government is confronted with a task of much difficulty in giving them proper consideration. Government agents today rounded up many Austrians who long have been suspected of conspiring to hamper the government's war plans, but against whom definite evidence has been lacking. They will get fair hearings and be interned if they fail to convince officials of their peaceful intentions.

All Austro-Hungarians were barred today from the 100-yard zone established about piers, docks, warehouses and terminals, and will be required to register with police as soon as regulations are promulgated. In cities where the foreign population is large, particularly in steel manufacturing centers and mining districts, the task will be enormous. Officials are taking steps to make the process as simple as is compatible with the necessity of obtaining full information concerning the business and habits of aliens.

At a meeting of the stockholders of The United Woollen Mills company yesterday, the directors were authorized to make application for permission to increase the capital stock from \$200,000 to \$200,000, thereby adding \$100,000 in 7 percent cumulative preferred stock. As soon as the details are worked out the preferred stock will be placed on the market. President Hirsch, when asked regarding this action, stated that the purpose was to increase the amount of the working capital of the business in order to provide for its further extension and development.

SOLDIERS GUARD PLANTS. Bayonne, N. J., Dec. 8.—The extensive oil and manufacturing plants here were guarded by soldiers today, under orders from Washington. The city commission also has directed that all saloons be closed at 11 o'clock each night. These precautionary measures have been taken, it was explained on account of the large number of Austrian subjects employed in the district.

OHIO IN GRIP OF BIG SNOW STORM. (Associated Press Telegram) Columbus, Dec. 8.—Central Ohio was in the grip of the first big snow storm of the season today, several inches having fallen during the night. The snow was continuing to fall. Street car service was hampered early this morning.

CANADA WILL ALSO DRAFT HER MEN. (Associated Press Telegram) Ottawa, Dec. 8.—The first draft of men under the military service act will be called to colors on January 3, it was announced here today.

HALIFAX SAFEGUARDS AGAINST ENEMY OF NO AVAIL WHEN SHIPS BLOWS UP. Top picture shows the metropolis of Nova Scotia as it looked before the French munitions ship Mont Blanc was rammed by the Belgian relief ship Ioma, causing an explosion which wrecked the greater part of Halifax. The map gives an idea of how Halifax is situated with relation to New York city and eastern Canadian cities.

The dotted line in the photograph indicates the position of a huge steel net stretched to guard the harbor from submarines. The Halifax harbor is the chief naval and military headquarters of British America. From there all the men and munitions from Canada have been shipped across.

mer, an employee of the Electric Shop in Fourth street; Arthur, a twin brother of Arch, who resides in Barborton, O., where the mother is visiting; and Misses Eva and Grace, residing at home.

REvolution IS AGAIN RAMPANT IN PORTUGAL. (Associated Press Telegram) Madrid, Dec. 8.—A revolution has broken out in Lisbon, the capital of Portugal, according to a dispatch received here by way of Oporto and Tuy. Outbreaks also are said to have occurred at Oporto.

Recent dispatches cabled from London to the United States have said that telegraph communication between Spain and Portugal had been shut off, it being intimated that news of the situation in Portugal was being rigidly censored by the authorities of the republic.

In September last a general strike of workmen resulted in rioting at Lisbon and in consequence of those disorders the entire republic, a number of soldiers, at that time were said to have been wounded by the explosion of bombs. The strike lasted two weeks.

Five months earlier serious rioting took place in Lisbon as the result of a scarcity of bread, an increase in the cost of potatoes and the high prices of food generally. Anarchist agitators, taking advantage of the situation, organized disturbances in various parts of Lisbon and the crowds attacked the bakeries, groceries and provision stores. They shattered the iron doors and steel shuttered windows and sacked numerous places, among them, one of the large establishments in the center of the capital.

Martial law was proclaimed and the military governor by taking energetic measures restored order. Twenty-seven persons were killed in the rioting. Hundreds of persons were arrested and taken on board Portuguese warships in the harbor. While the disturbances were in progress the American flag was raised above buildings of an establishment at the Peco do Bispo and the place was respected by the rioters.

SEVEN DROWN IN LAKE MICHIGAN ON SAND DREDGE. (Associated Press Telegram) Chicago, Dec. 8.—The sand-sucking dredge "Desmond," with a crew of 13, sank in a storm on Lake Michigan today and seven persons were drowned. The disaster occurred off the mouth of the Calumet river.

ITALIANS FIGHT DESPERATELY INVASION OF AUSTRO-GERMANS. (Continued from Page 1.) Jews, have been removed from the city. It is not indicated whether the Turks are evacuating all the civilian population or only part of it.

Guns are silent and soldiers are idle along the entire length of the eastern front from the Baltic to the Black Sea, the Rumanians, under the force of circumstances having joined the Russians in their armistice negotiations with the central powers. The Russian government announces that the negotiations have been halted for seven days to give the allied countries opportunity to express their attitude toward the negotiations.

Meanwhile it is reported that 1,500 Bolshevik troops have arrived at Vladivostok. Whether these came from Petrograd or are units from Siberian troops is not disclosed. Vladivostok holds much war material and other supplies shipped from the United States, Japan and other allied countries. The temporary independent government in Siberia has chosen former Premier Kerevsky as minister of justice.

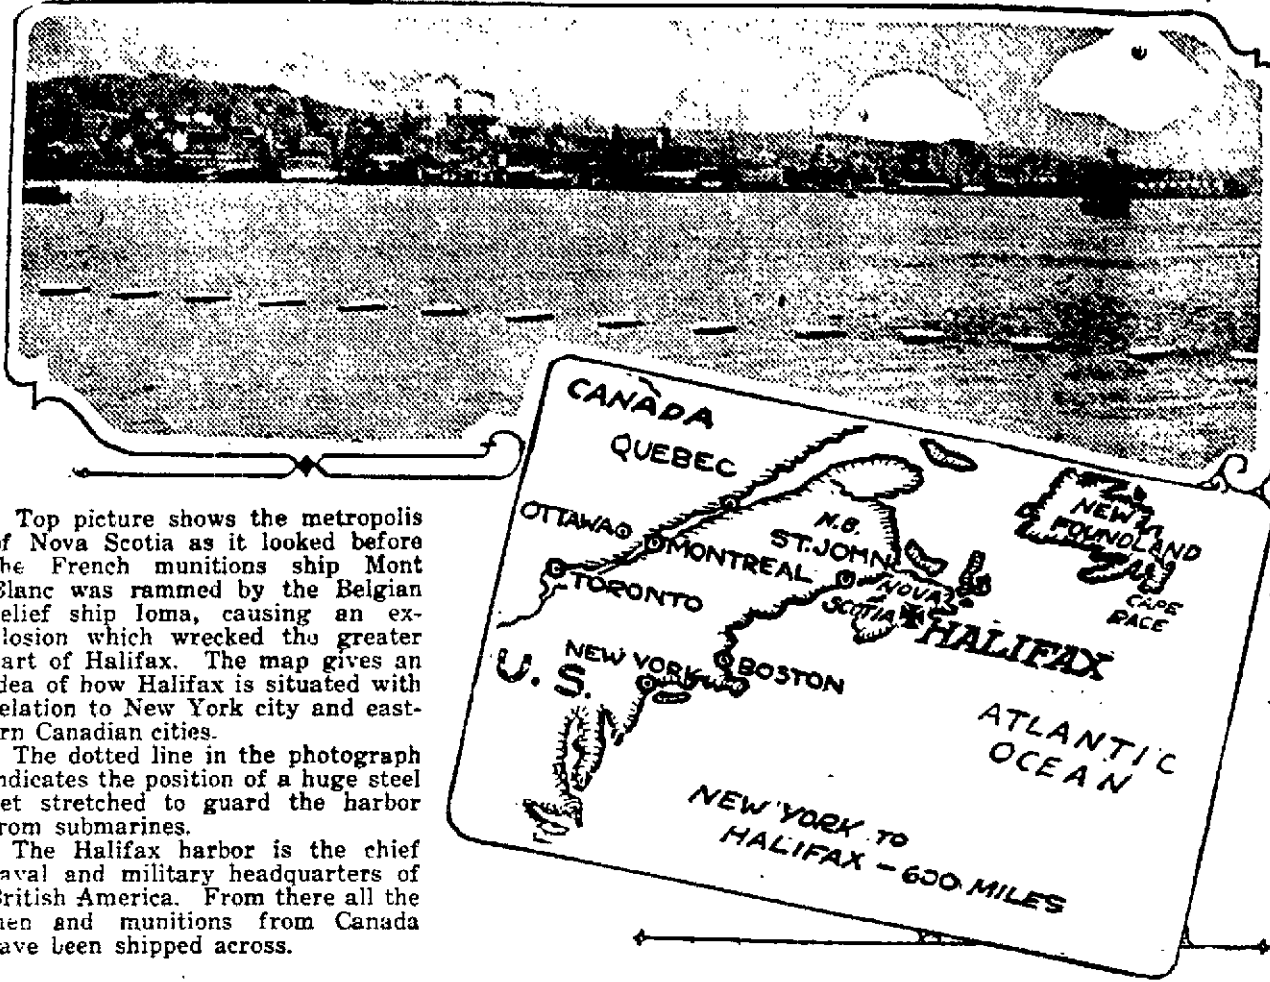

General Korniloff is reported to have joined General Kaledines, the Cossack leader around whom most of the leaders of the old provisional government have gathered.

COMMENTS ARMED NAVAL GUARD FOR HIS GALLANTRY. (Associated Press Telegram) Washington, Dec. 8.—W. F. Eisenhower, of the armed naval guard of the American steamer Rochester, sunk by a submarine, has been commended by Secretary Daniels for gallantry displayed during the abandonment of the sinking vessel. The seaman refused to enter a life boat, thinking his commander still was aboard the steamer. He searched the boat until satisfied that his commander had gotten away in another boat, then climbed into his own boat, the last man to leave the Rochester. His boat was five days in making the Irish coast. Eisenhower is 21 years old and a son of John E. Eisenhower, of New Orleans.

DR. ERNEST KUNWALD FAMED ORCHESTRA LEADER ARRESTED. (Associated Press Telegram) Cincinnati, Dec. 8.—Ernest Kunwald, an Austrian subject and director of the Cincinnati Symphony Orchestra, was arrested here today on an order received from Attorney General Gregory at Washington. Marshal Devaney announced that Prof. Kunwald was arrested in accordance with article 12 of the president's proclamation relative to alien enemies.

Prof. Kunwald will be taken to the Dayton, O., jail later today.

The map gives an idea of how Halifax is situated with relation to New York city and eastern Canadian cities.

The dotted line in the photograph indicates the position of a huge steel net stretched to guard the harbor from submarines. The Halifax harbor is the chief naval and military headquarters of British America. From there all the men and munitions from Canada have been shipped across.

mother, Marie Stevens, New Castle, Penn. John James Flaherty, machinist's mate; mother, Margaret Flaherty, Bath, Maine. Myron Nelson Flood, seaman; father, Eugene Elmer Flood, Greenwich, Conn.

James Alva Francis, electrician; wife, Clara Francis, Osgood, Ind. Clifton Stephen Grinnell, seaman; father, George B. Grinnell, Pawtucket, R. I.

Boyd Martell Hamp, electrician; mother, Minnie Beiden, Cashmere, Wash. Leland McKeand Highet, seaman; mother, Catherine Highet, Spencer, Ind.

Luther Hill, fireman; wife, Mae Hill, Philadelphia, Pa. William Penn Hughes, carpenter's mate; wife, Mrs. Wm. Hughes, Scranton, Pa.

Lawrence Hansen, apprentice seaman; father, Albert Hansen, Chicago. Francis John Jackolski, fireman; father, Vincent Jackolski, Baltimore, Md.

Dock Johnson, chief cook; wife, Lorena Johnson, Philadelphia, Pa. John Clifford Johnson, seaman; mother, Louise Johnson, South Minneapolis, Minn.

Archie Leedy, machinist mate; father, Daniel K. Leedy, 23 Holliday street, Newark, O. John Michael, seaman; sister, Mary Osizio, Adams, Mass.

Joseph Anthony Mendes; father, Antonio Sousa Mendes, Providence, R. I. George Christian Merkel, machinist mate; mother, Catherine Merkel, Philadelphia.

James Francis McManus, fireman; mother, Elizabeth McManus, Charlestown, Mass. Ernest H. Pennington, attendant first class; wife, Grace F. Pennington, West Philadelphia, Pa.

The Officers Were: Lieutenant Commander D. W. Bagley; mother, Mrs. A. W. Bagley, Washington, D. C. Lieutenant J. C. Richards; wife, Dorothy G. Richards, Washington, D. C.

Lieutenant Norman Scott; father, Robert Scott, St. Louis, Mo. Ensign N. N. Gates; aunt, Gertrude F. Gates, Bay City, Mich.

Assistant Surgeon L. L. Adamkiewicz; mother, Victoria Adamkiewicz, Milwaukee, Wis. Gunner Harry R. Hood; next of kin, mother, Belle Hood, Asheville, N. C.

ARCH LEEDY LONGED FOR SEA WHILE YET A YOUTH IN SCHOOL. Arch B. Leedy is a son of Mr. and Mrs. Daniel Leedy, Holliday street, and is aged 19 years, having enlisted two years ago last month in Columbus, O. His father, a former B. & O. conductor, lost an arm in the union passenger depot, Columbus, September 24, 1916.

Arch left school and started to learn the machinist trade in the B. & O. shops, leaving shortly after with his brother, Frank, one Saturday evening to visit relatives in Columbus. He remained all night and Monday; went to the naval recruiting station and enlisted, being sent from there to Cincinnati, where Arch telegraphed his father and mother. He was later sent to Norfolk, Va., and after a course of training was assigned to the United States destroyer, Jacob Jones.

It was while stationed at Norfolk that Mr. and Mrs. Leedy visited their son and were taken all over the Jacob Jones and met several of the officers. Arch was sent a wireless when his father was injured and he left his ship at the first American port and came on to Newark for a visit with his parents and his brothers and sisters. He was a great favorite with all his friends and was especially fond of life on shipboard. When a youngster at school he always talked of boats and ships, and said some day he, too, would go to sea. It is to be sincerely hoped that he has been saved.

The Advocate was the first to inform the Leedy family of the torpedoing of their son's ship and Frank Leedy, a brother of Arch, residing in West Main street, came to the office and watched each word as it came over the Associated Press wire into the Advocate office, hoping that the name of his brother would be seen in the list of survivors. Arch has five brothers and two sisters: Frank, Melvin, a machinist at the American Bottle plant, who resides in South Third street; Walter, residing in Youngstown, O.; Elmer, an employee of the Electric Shop in Fourth street; Arthur, a twin brother of Arch, who resides in Barborton, O., where the mother is visiting; and Misses Eva and Grace, residing at home.

WAREHOUSE LEASED BY THE GOVERNMENT DESTROYED BY FIRE. (Associated Press Telegram) Chicago, Dec. 8.—A warehouse recently leased by the government for the medical division of the army was destroyed by fire of mysterious origin today. Chemicals among the stores caused a number of small explosions.

The flames burned so fiercely that only the walls of the five story structure were standing when firemen arrived. The building stood at South Dearborn street and West Portieth street. Major W. S. Shields and 35 employees fled from the flames. Major Shields said he had no comment to make on suspicions of firemen that incendiaries started the fire.

SIX YEAR TERM FOR PRESIDENT OF FINLANDERS. Stockholm, Dec. 7.—The proposal submitted to the Finnish landtag by the senate provides that Finland shall become a republic with a president elected for a term of six years, according to advice reaching here from Helsinki. The proposal provides that the first election shall be held Jan. 15 and the president is to take office April 15. Until then the premier is to act as the head of the republic.

CONGRESS HAS ADJOURNED UNTIL NEXT WEEK AFTER PASSING WAR DECLARATION. (Continued from Page 1.) Austria was introduced yesterday by Representative Sabath of Illinois. The roundup of Austro-Hungarian enemies began today throughout the United States with agents of the department of justice being assisted by local authorities.

With the declaration of war more than a million subjects of Austria-Hungary, living in this country, were added to the lists of alien enemies. Inasmuch as many of them, although Austro-Hungarian subjects, actually sympathize with the cause of the United States and the allies, the government is confronted with a task of much difficulty in giving them proper consideration. Government agents today rounded up many Austrians who long have been suspected of conspiring to hamper the government's war plans, but against whom definite evidence has been lacking. They will get fair hearings and be interned if they fail to convince officials of their peaceful intentions.

All Austro-Hungarians were barred today from the 100-yard zone established about piers, docks, warehouses and terminals, and will be required to register with police as soon as regulations are promulgated. In cities where the foreign population is large, particularly in steel manufacturing centers and mining districts, the task will be enormous. Officials are taking steps to make the process as simple as is compatible with the necessity of obtaining full information concerning the business and habits of aliens.

At a meeting of the stockholders of The United Woollen Mills company yesterday, the directors were authorized to make application for permission to increase the capital stock from \$200,000 to \$200,000, thereby adding \$100,000 in 7 percent cumulative preferred stock. As soon as the details are worked out the preferred stock will be placed on the market. President Hirsch, when asked regarding this action, stated that the purpose was to increase the amount of the working capital of the business in order to provide for its further extension and development.

SOLDIERS GUARD PLANTS. Bayonne, N. J., Dec. 8.—The extensive oil and manufacturing plants here were guarded by soldiers today, under orders from Washington. The city commission also has directed that all saloons be closed at 11 o'clock each night. These precautionary measures have been taken, it was explained on account of the large number of Austrian subjects employed in the district.

OHIO IN GRIP OF BIG SNOW STORM. (Associated Press Telegram) Columbus, Dec. 8.—Central Ohio was in the grip of the first big snow storm of the season today, several inches having fallen during the night. The snow was continuing to fall. Street car service was hampered early this morning.

CANADA WILL ALSO DRAFT HER MEN. (Associated Press Telegram) Ottawa, Dec. 8.—The first draft of men under the military service act will be called to colors on January 3, it was announced here today.

HALIFAX SAFEGUARDS AGAINST ENEMY OF NO AVAIL WHEN SHIPS BLOWS UP. Top picture shows the metropolis of Nova Scotia as it looked before the French munitions ship Mont Blanc was rammed by the Belgian relief ship Ioma, causing an explosion which wrecked the greater part of Halifax. The map gives an idea of how Halifax is situated with relation to New York city and eastern Canadian cities.

The dotted line in the photograph indicates the position of a huge steel net stretched to guard the harbor from submarines. The Halifax harbor is the chief naval and military headquarters of British America. From there all the men and munitions from Canada have been shipped across.

mer, an employee of the Electric Shop in Fourth street; Arthur, a twin brother of Arch, who resides in Barborton, O., where the mother is visiting; and Misses Eva and Grace, residing at home.

REvolution IS AGAIN RAMPANT IN PORTUGAL. (Associated Press Telegram) Madrid, Dec. 8.—A revolution has broken out in Lisbon, the capital of Portugal, according to a dispatch received here by way of Oporto and Tuy. Outbreaks also are said to have occurred at Oporto.

Recent dispatches cabled from London to the United States have said that telegraph communication between Spain and Portugal had been shut off, it being intimated that news of the situation in Portugal was being rigidly censored by the authorities of the republic.

In September last a general strike of workmen resulted in rioting at Lisbon and in consequence of those disorders the entire republic, a number of soldiers, at that time were said to have been wounded by the explosion of bombs. The strike lasted two weeks.

Five months earlier serious rioting took place in Lisbon as the result of a scarcity of bread, an increase in the cost of potatoes and the high prices of food generally. Anarchist agitators, taking advantage of the situation, organized disturbances in various parts of Lisbon and the crowds attacked the bakeries, groceries and provision stores. They shattered the iron doors and steel shuttered windows and sacked numerous places, among them, one of the large establishments in the center of the capital.

Martial law was proclaimed and the military governor by taking energetic measures restored order. Twenty-seven persons were killed in the rioting. Hundreds of persons were arrested and taken on board Portuguese warships in the harbor. While the disturbances were in progress the American flag was raised above buildings of an establishment at the Peco do Bispo and the place was respected by the rioters.

SEVEN DROWN IN LAKE MICHIGAN ON SAND DREDGE. (Associated Press Telegram) Chicago, Dec. 8.—The sand-sucking dredge "Desmond," with a crew of 13, sank in a storm on Lake Michigan today and seven persons were drowned. The disaster occurred off the mouth of the Calumet river.

ITALIANS FIGHT DESPERATELY INVASION OF AUSTRO-GERMANS. (Continued from Page 1.) Jews, have been removed from the city. It is not indicated whether the Turks are evacuating all the civilian population or only part of it.

Guns are silent and soldiers are idle along the entire length of the eastern front from the Baltic to the Black Sea, the Rumanians, under the force of circumstances having joined the Russians in their armistice negotiations with the central powers. The Russian government announces that the negotiations have been halted for seven days to give the allied countries opportunity to express their attitude toward the negotiations.

Meanwhile it is reported that 1,500 Bolshevik troops have arrived at Vladivostok. Whether these came from Petrograd or are units from Siberian troops is not disclosed. Vladivostok holds much war material and other supplies shipped from the United States, Japan and other allied countries. The temporary independent government in Siberia has chosen former Premier Kerevsky as minister of justice.

General Korniloff is reported to have joined General Kaledines, the Cossack leader around whom most of the leaders of the old provisional government have gathered.

COMMENTS ARMED NAVAL GUARD FOR HIS GALLANTRY. (Associated Press Telegram) Washington, Dec. 8.—W. F. Eisenhower, of the armed naval guard of the American steamer Rochester, sunk by a submarine, has been commended by Secretary Daniels for gallantry displayed during the abandonment of the sinking vessel. The seaman refused to enter a life boat, thinking his commander still was aboard the steamer. He searched the boat until satisfied that his commander had gotten away in another boat, then climbed into his own boat, the last man to leave the Rochester. His boat was five days in making the Irish coast. Eisenhower is 21 years old and a son of John E. Eisenhower, of New Orleans.

DR. ERNEST KUNWALD FAMED ORCHESTRA LEADER ARRESTED. (Associated Press Telegram) Cincinnati, Dec. 8.—Ernest Kunwald, an Austrian subject and director of the Cincinnati Symphony Orchestra, was arrested here today on an order received from Attorney General Gregory at Washington. Marshal Devaney announced that Prof. Kunwald was arrested in accordance with article 12 of the president's proclamation relative to alien enemies.

Prof. Kunwald will be taken to the Dayton, O., jail later today.

CONSCRIPTING FOOD PRODUCTION.

In spite of the tremendous effort made last summer to promote backyard and vacant-lot gardening, the production of food has been but barely adequate to our needs, and prices remain high. Not merely should plans be laid at once to push the gardening movement to the limit next spring, but some decided measures may need to be taken to secure the utilization of all our resources. There were some communities that on their own initiative last summer did take hold of the matter in a very positive way. For instance, at Excelsior, Minn., the citizens appointed a committee to get all idle land cultivated. Then a list was taken of all men able to do physical work. To each of them a plot of land was allotted to till. The idea proved popular, and people generally co-operated. It was a common sight to see business men tugging their garden tools to the office, where in places more devoted to sport they had been carrying around golf clubs or tennis rackets. The Whittier, Cal., municipal government went even farther than that and actually took possession of idle land for public purposes. The first step taken was quite mild and simply invited owners of such land to volunteer their use for food production. This suggestion secured offers of most of the idle lands. But of course there were some negligent or unfriendly citizens who failed to make such offers. In such cases they were notified that the city would take the use of their land, and if they were aggrieved they could enter suit in the courts. So far no suits have been reported, and as the result, garden production of the city increased 200 per cent. These experiences are full of suggestion for another season's work, and are worth attention in Newark.

Every man, woman and child in Licking county should join in the war-savings campaign just launched by the federal government. Comparatively few buy Liberty bonds, but everybody—even the children—can purchase thrift stamps at 25 cents each, and these stamps may be exchanged for interest-bearing certificates in sums of \$5. The postoffice and the mail-carriers now have a supply of thrift stamps and soon they will be offered at numerous places in Newark and throughout the county.

The closing up of the German toy business has made a shortage of toys in this country which is likely to affect the kindling wood supply around New Year's.

Daily History Class—Dec. 8.
1849—Joel Chandler Harris, journalist and author of the "Uncle Remus" stories, born; died 1908.
1903—Herbert Spencer, the philosopher, died; born 1820.
1914—British Squadron, defeated Von Spee's German fleet off the Falkland Islands, a decisive naval victory.
1915—The German chancellor said that Germany would discuss enemy peace proposals. British premier said that the allies must discuss peace terms jointly.
1916—Entente powers accused the Greek king of breaking his compact with them.

ASTRONOMICAL EVENTS.
Altair of constellation Aquila seen setting due southwest in the evening. Venus sets early in the evening, a few minutes later each day. Saturn rises about the same hour.

GO TO CHURCH TOMORROW

The church is a unique institution. It was made for man, not man for the church. No other organization is comparable to it, nor can any other fill its place. The church embodies the virtues to be found in all societies of men, and is comparatively free from their vices. It is the one institution whose appeal is universal and unselfish. No sane man would seek a churchless town or community in which to make a permanent home for himself or his family. The church is recognized as the leading factor in community building and uplift. Promoters of all legitimate enterprises recognize the value of the influence of the church on the individual, the family and the community. The church stands for the best and the highest and is opposed to everything that is low, mean, harmful and questionable. It is the only institution over whose portal is written, "Whosoever Will." As one interested in the best: as one desiring to further the best interests of the home and the city, go to church tomorrow and give at least your moral support to this the one indispensable institution in the uplift of our city.

LYCKING CO. PEOPLE ARE ASKED TO JOIN NATION WIDE THRIFT CAMPAIGN STARTED BY FEDERAL GOVERNMENT

Newark, in company with her neighbor cities and urban and rural communities, is about to learn the most unique lesson in thrift ever taught to a nation. Following the Franco-Prussian war, in 1870, the French people gave the most astounding demonstration of thrift and economy ever seen. Their ability to meet the huge war indemnity imposed by Germany and amass wealth for themselves, too, indicates that the French people are the thriftiest in the world. Americans are known the world over for their extravagance and wastefulness. The present war has sounded the death knell of this happy-go-lucky trait in the citizens of this country. The government has just issued the primer from which Americans are to learn their thrift A B C's. This primer is the thrift stamp. The government asks that every citizen buy a certain number of these thrift stamps, as circumstances will permit. They cost 25 cents each and may be bought one at a time. Every postman in Newark has these thrift stamps and cards to sell. Postmaster Mercer having placed them in their hands. The sale of these stamps started Monday. Headquarters for Ohio have been established in the new Citizens building, Gay and High streets, Columbus, with Harry P. Wolfe, the state director, in charge. Ohio's quota of the \$2,000,000,000 issue of the stamps is \$106,000,000. This sum must be raised by dint of actual savings on the part of Ohio's citizens between the present and the first of next December. The thrift and war-savings stamps are intended for the small investor, principally. No person may purchase more than \$1000 worth. Any person who has 25 cents which can be spared may buy a stamp. A card is given on which this stamp may be pasted. When the 16 spaces on the card have been filled, the card may be exchanged for a \$5 war-saving stamp at the postoffice, bank or other authorized agency, by the payment of an additional sum of 12 cents in cash, prior to February 1, 1918, and one cent additional each month thereafter. By paying cash, one may buy a \$5 stamp outright for \$4.12. The government will pay \$5 for each stamp on January 1, 1923, thus paying compound interest on the investor's savings. The \$5 stamp is attached, by the purchaser, to an engraved folder. This folder, or war-savings certificate, as it is called, contains space for twenty \$5 stamps. If all these spaces are filled by January 1, 1918, the cost to 1923, the government will pay the holder \$100—a net profit of \$17.60. This interest is based on a rate of 4 per cent, compounded quarterly from January 2, 1918. Ohio advertising experts are being enlisted in a patriotic publicity campaign for the thrift stamp plan. No governmental appropriation was made for publicity and the advertising men of the state plan to raise a fund of \$200,000 to be used in a year's display advertising campaign. An organization is about to be perfected in Licking county as in every other county throughout the state and nation. The purpose of this organization is to acquaint the people with the plan of action and to enlist their support. Everybody, even the children, can buy thrift stamps and all should be encouraged to do so. The 25-cent thrift stamps bear no interest, but they may be exchanged for the \$5 interest-bearing certificates. A meeting of the state committee and the county chairman is to be held at the Sinton Hotel, Cincinnati, next Monday, to listen to an address by National Director Vanderlip and to work out plans for the Ohio campaign. C. H. Spencer has been asked by the government to act as chairman of the war-savings committee for Licking county.

EVER-PRESENT KNITTERS.
It is a pretty and interesting sight, when the women of Newark meet in a social way, to note how many of them are knitting for the soldiers. The knitting proceeds at public entertainments, on railroad trains, and sometimes an ardent girl is seen at it on the street. Some wise people claim it is not economical, as machines can do this work now at such small cost. Yet our machinery is all busy with other forms of war-work, and what the women don't do in this way may not get done. A good deal of fun has been made of the work of the less experienced knitters. No doubt there are wistlers that stretch out enough to go around a man's leg, and possibly would go for abdominal bands. But the knitters gain skill every day. It will not be long before an enormous amount of very useful material will be produced, for which the soldiers will be truly grateful. We know of one pretty girl who has knitted seven sweaters, two pairs of socks, and any number of wristers, all for the soldiers, in the past four months. The first woman conductor for New York's surface cars made her first run on Broadway yesterday. In some cities girls are carrying newspapers and acting as telegraph messengers, and right here in Newark

CHANGES IN BASEBALL.

The baseball world is feeling the strain of the war situation. It is predicted that the managers of the various leagues will make important changes when they hold their winter meetings. Suggestions of shorter seasons are prominent, also curtailment of the number of players each team can carry, elimination of expensive training camp trips, etc. Baseball like many other features of American life, has got along in an extravagant way. The major leagues start early in spring and keep at it well into the fall. It is a mystery how they can make these long seasons pay. If a team falls a little behind, it will draw no more of a crowd in a big city than some crack local team will draw in a small town. If it looks like rain or the wind is cold the crowd will drop away down. The fans demand the best of talent, and competition is so keen that the teams pay enormous prices for favorite players. It is a very difficult business proposition now to run a ball team. The American public has become too critical, and if a player makes a few excusable errors the fans curse the team and won't attend the games. As a consequence, many towns that used to run semi-professional teams can't finance them now, and there is no baseball except what is played by shop teams and high schools. It would seem good business judgment for the big leagues to concentrate to a shorter season. People could get just as much sport by attending these frequently during the shorter season, and the cost would be less. In the small towns a good article of baseball can be had for a short season whenever the fans get to the point that they will support such a team as the town can afford, and not expect a bunch of major leaguers. Mr. Frank A. Vanderlip, who is national director of the thrift stamp and war-savings certificate campaign, resigned as president of the National City Bank of New York—the country's largest financial institution—to become national director. He will serve until the end of the war at a salary of one dollar a year. Mr. H. P. Wolfe of Columbus, is director for Ohio. Mr. Vanderlip, Governor Cox, Mr. Wolfe, and others, will meet with the county chairman of Ohio, West Virginia and Kentucky, at Cincinnati next Monday.

It is denied that Germany is bankrupt, as she never promises to pay her debts. Up to date, General Byng has shown no signs that he hails from Bingville. **VIENNA AND PEACE.** (Philadelphia Record.) The Neue Freie Presse of Vienna is correct in saying that, for peace between Austria and England should be opened by the former, but this is not because of any misunderstandings between Germany and England since the death of Queen Victoria, which have nothing whatever to do with the case. Any peace negotiations should be begun by Austria because it is the leading criminal. It was Austria which nearly precipitated the world war by its appropriation of Bosnia in 1918. It was Austria which would have precipitated the world war in August, 1913, ten months before the assassination of the Austrian Archduke. Because the Balkan wars had resulted in weakening the German ally, Turkey, and in strengthening the Russian protégé, Serbia, Austria refrained on that occasion only because Italy would not join, and Germany still had a few more military preparations to make before it was quite ready to back Austria in world war. These Germany made in the spring of 1913, and then it was ready for war. It was Austria which sent to Serbia, on account of a murder committed in Austrian territory, such an ultimatum as the Government ever addressed to another, and refused to accept the Serbian reply, which was in its acceptance of all the Austrian demands but one, and only wished some further discussion of that one. It was Austria which refused to extend the 48 hours of the ultimatum or to delay the movement of its army. Every effort at peace by negotiation was flouted. And now that Austria and Germany have failed to enforce their sort of peace upon the world by the sword, they are eager to obtain peace by negotiation. It is certainly Austria's place to ask for peace.

Those men who in this crisis are defying both the government and the Federation of Labor, of course don't expect ever to ask any favors again from the American people. Anyway, Senator La Follette didn't vote against the resolution to declare war on Austria. He left the room before the roll was called. No, Gladys; the tanks that won the big battle in France, are not the kind that crawl home to their families at 3 p. m. in the morning. The Germans say they have plenty of food, and at last accounts they were luxuriating and crowing fat on their ounce of butter a week. Let every home in Licking county be a Red Cross home.

THE "BLOOD AND IRON" POLICY

Is important in peace as well as in war. Every man and woman who would be a winner and not a slacker should have the strength of iron in the blood. The new iron tonic, Peptiron, combines this valuable metal in medicinal form so that it is easily digested and readily assimilated. Peptiron also includes pepsin, nux, coler, gentian and other tonics—sedatives for the nerves, digestives and carminatives—a health-giving medicine in convenient pill form. Take it for anemia or thin blood, paleness, nerve debility, brain-fag. One or two Peptiron after each meal will quickly tell a story of marvelous results. Get it today. Advertisement. Rumored that the Kaiser's plan is for a quick big drive on Calais. At last he knows for a certainty that America is in the war.—Atlanta Constitution. It's about time we're putting some of the rope we've given the Kaiser, American agents around their necks.—Memphis Commercial Appeal. There is no certainty about the success of Germany's deal with Russia. The Kaiser is dealing with men as treacherous and knavish as he is himself, and they wouldn't hesitate to turn him down after they receive their price. There is no honor among thieves.—Kansas City Journal. Let it be hoped that the press of Berlin hears nothing of the burning of a human being in the heart of America.—Savannah News.

HER QUALIFICATIONS

An inward sincerity will of course influence the outward deportment; but where the one is wanting, there is great reason to suspect the absence of the other.—Sterne. **Hasn't Time.** His lack of time he will bemoan, by jing, Then he'll take half a day, I'll bet a dime To tell you why he could not do the thing He might have done in less than half that time. **Taking No Chances.** Aunt Calline says:—Had Nerve has bot him a knew Ford otto an' he thinks he has learned to run it himself. So last nite he come a-chuffin' up in front o' our door an' says he, proud as kin be, "Want to take a little spin, Zeke?" An' Zeke he answered him, reel polite, "Why, thank'ee, Had, I don't believe I do this evenin'," he says. "The truth of the matter is," he says, "my accident insurance has run out an' I hev jest neglected to run up to Newark to hev it renewed," he says. **Have We Any in Newark?** If a teacher is "negatively loyal," as the New York board of education has discovered some of those employed in the schools of that city to be, his opportunity to mislead impressionable youth should be ended at once.—Philadelphia Ledger.

Lettuce Try It. Yes, Ermentrude, the cunning little lettuce leaf under your salad has its use. Gently grab one side of the leaf and bend it so as to form a back-stop for the salad when you want to shove it on your fork—or knife. Have you any better suggestions?—F. B. E. **Fairest Pictures.** The fairest pictures, I admit, Are faces of the maidens; yet, It isn't strange, a single bit, Consider the one they get.—John D. Wells in Buffalo News. Today I saw a queen of style Who looked as solemn as a saint, Because she did not dare to smile For fear she'd crinkle up her paint.—C. A. Leely in Youngstown Telegram. The fairest picture I have seen, The one that thrilled my soul, old top, Was not of any stylish queen, But of a nicely browned pork chop.—Springfield Union. Of all I know, the fairest one, The one that shows consummate skill, Is that of our George Washington Upon a twenty dollar bill.

Pointed Observations
If Lloyd George's latest proposal, free medical attendance for everybody, goes through Parliament, good health will no longer be the distinguishing characteristic of the poor.—New York Evening Post. Rumored that the Kaiser's plan is for a quick big drive on Calais. At last he knows for a certainty that America is in the war.—Atlanta Constitution. It's about time we're putting some of the rope we've given the Kaiser, American agents around their necks.—Memphis Commercial Appeal. There is no certainty about the success of Germany's deal with Russia. The Kaiser is dealing with men as treacherous and knavish as he is himself, and they wouldn't hesitate to turn him down after they receive their price. There is no honor among thieves.—Kansas City Journal. Let it be hoped that the press of Berlin hears nothing of the burning of a human being in the heart of America.—Savannah News.

An Old Time Sport. He was a star at crokinole, And took a drink from every; And he could beat a chess his soul, At ping-pong and parchesi.—Luke McLuke. **He was a foxy sport.** He was a foxy sport, we know, And cut up many a caper, In necktie sewed-up in a bow And collar made of paper.

That the Dominican Republic is in the eastern part of the island of Hayti? It has an area of 18,000 square miles, nearly two-thirds of the area of the whole island. Higüey, with a population of 3,000, is one of the principal inland cities and the site of the most famous shrine on the island. This latter is the shrine of the Virgin of Alta Gracia, which is visited by devotees from every part of the country. The church, which houses the shrine is built in the old-time Spanish architecture, the quaint and enduring style which has stamped its features on the buildings of a continent, from Patagonia to Colorado. The trip to Higüey is made overland, through a country where the traveler meets but few human beings. Near the coast he passes through great fields of cane, but farther inland these give place to grassy stretches of plain, sparsely dotted with grazing cattle. Here and there are patches of forest that have never known the ax. All the rare woods of the Indies grow here; this is the land where you can have a house of rough-hewn mahogany for half what it would cost you if you built of sawed pine. Lack of transportation makes these woods valueless, when in the world's markets they would sell by the pound. The people are a simple, kindly folk, hospitable with the best traditions of colonial Spain. Though there are bandits still, raiding the lone plantations, and fighting in plenty can be found, yet the wayfarer is assured of a bed and a meal at any roadside hut, and both will be of the best that the owner's resources can compass.

Riffing The Deck. He's always stewed, is Oswald Bing. At him I'll take a crack at the table. He says that he feels like a king, But he acts like a jack.—Luke McLuke. **His counterpart he'll find 'tis said.** In Mary Ellen Koos: She thinks she looks a queen—instead, She looks just like a queen.—Newark Advocate. I entered gaily in the door Of one first-class cafe, And when I ordered petits fours, The waiter brought a tray!—Cleveland Plain Dealer. Though Oscar Ring is often stewed, He's never been a croaker; For the sun confused his cause to be, But he always wants the joker.—Memphis Commercial Appeal.

A Bouquet for Götmine. When I got my paper the other day, (Not that evening, I'd gone away.) But I read it at the breakfast table, And I'll confess that it made me able To face the day with a better grace For the sun confused to show his face 'Cause a drizzly rain was coming down And my "very best friend" was leaving town. One I had known for many years; Do you wonder now I was near to tears? I'm so glad I Götmine isn't mad at me Tho' I certainly gave him cause to be. But "them kees" he sent the other night. I'd much prefer to have it right. This proves to all that I'm NOT I. G. But I'm somebody else in the Pot—and Me. So you've got TWO guesses instead of one. Before that lunch is properly won, I think you all are simply fine. But my heart still leans toward "I Götmine." I may be silly but then you see I can care for those who are nice to me.

SOCIAL EVENTS

SOCIETY EDITOR, AUTO PHONE 23125

Mrs. Lorin Galloway will be hostess to the Harmonious Embroidery club Tuesday, Dec. 11, at her home, 296 Union street. All members are asked to be present as this is the last meeting for the year.

A national community song day service will be observed tomorrow afternoon at the High School Auditorium at 4:00 o'clock. The following program has been arranged:

Music—High School orchestra.
Solo—"My Own United States"—Miss Emily Hamilton.
Brief Talk By Supt. Wilson Hawkins, on "The Children's Red Cross Campaign."

Community Songs—"America," "Battle Hymn of the Republic," "My Old Kentucky Home," "Home, Sweet Home," "Nearer, My God, To Thee" and "Star Spangled Banner."
Benediction—Rev. L. P. Franklin.

Mrs. Otto Rainey delightfully entertained the Isola Sewing club on Thursday. Every member being present. A contest was held in which Mrs. Morte and Mrs. Hellar were awarded the prizes and Mrs. McDonald the guest prize, after which a delicious two-course dinner was served the members and six guests. The club will meet in two weeks with Mrs. Harry Rainey.

Miss Elsie Lyon Hirschberg announces that she is taking as her stage name, Elsie Deermont, translation of her parents' name. She is visiting at her home in Pearl street for a few days previous to singing in concert in Zanesville on December 11th.

Mrs. Byron W. Harris was given a delightful surprise, Wednesday evening, at her home, Wilkins Corners, by a number of her friends, the occasion being her birthday anniversary. A pleasant evening was spent and luncheon was served the following guests:

Mr. and Mrs. C. P. Pound, Mr. and Mrs. William Harris, Mr. and Mrs. Harry Layman, Mr. and Mrs. Henry Wilkin, Mr. and Mrs. Calvin Layman, Mr. and Mrs. Noble Porter, Mr. and Mrs. Charles Fisk, Mr. and Mrs. Clark Provins, Mr. and Mrs. Wesley Braden, Mr. and Mrs. William Skinnell, Mrs. Retta Layman, Mrs. Eura Biggs, Misses Chola Braden, Marie Coville, Lucille Porter, Mary Layman, Beatrice Pound, Helen Layman, Elizabeth Harris, Messrs. Searl Provins, Russell Pound, Albert Biggs, Franklin Wilkin and Mr. and Mrs. Byron Harris.

The Elite Crochet club met with Mrs. Homer Robinson at her home, Irwin avenue, December 5. Mrs. Fred Squiggins was elected president, and Mrs. William Winters, reporter of the club. Games and music were enjoyed. Mrs. D. Sullivan being the lucky contestant. A dainty repast was served the following:

Mrs. Fred Squiggins, Mrs. George Hamilton, Mrs. Harry Brown, Mrs. S. Nicholas, Mrs. Guy Robinson, Mrs. E. Sullivan, Mrs. William Winters, and the hostess. The guests were Misses Anna Conley and Esther Squiggins.

The next meeting will be held at the home of Mrs. William Winters, December 19, and a Christmas box will be arranged for the members.

The Women's Foreign Missionary society of the First M. E. church met at the home of Mrs. A. S. Mitchell, 53 Granville street on Thursday afternoon, December 6. The meeting was called to order by Mrs. Frank Agnew, the president, and the following program was given:

Song, "America"—By Society.
Devotions—Led by Mrs. M. R. Scott.
Song, "Sweet Hour of Prayer"—By Society.
Business Session.
Paper, "The Land and the Crescent"—Mrs. Lester Newkirk.
Reading, "From an African Trail"—Mrs. Dallas Hunt.
Song—By Society.

The name of Mrs. Clyde Hare was reported as a new member. After the program refreshments were served to a large number of members and guests of the society.

The engagement of Miss Hazel Whitaker of Mahoning street, to Mr. Lon Hull of Camp Sherman was announced Friday evening at a party given by Miss Josephine Hull at her home in East Main street. The house decorations were of red, white and blue. The wedding of Miss Whitaker and Mr. Hull will take place sometime in December.

Mrs. R. Owing is entertaining the Condant club at her home in Fairfield avenue this afternoon.

Abe Martin

Nurses and Teachers Working Out New-Idea School

SCHOOL DOCTORS AND NURSES in the 100% SCHOOL.

The 100% School Takes Account of Appearance and Cleanliness, as Well as Scholarship.

Mott street, the heart of New York's lower East side, has a one hundred per cent school, where teachers and nurses are carrying out an unusual program. In this school every pupil is striving to be one hundred per cent healthy and one hundred per cent clean, as well as one hundred per cent efficient in studies.

In this school, combining unusual health and educational problems, the growing need for close co-operation between health and educational agencies is being met in an unusual way. Of course, the usual things are being done. The nurse makes her systematic inspections of the eyes, ears, noses and throats, and under the direction of the school physician, guards against infectious diseases. The teacher instructs the classes in the regular school curriculum and talks unendingly about cleanliness and appearance.

These are usual things in all up-to-date school systems. School nurses have done them for years and modern training schools for nurses are more and more awakening to the need for instruction and practice in this growingly important phase of nursing.

But the "100% School" has something additional. It has school spirit. The pupils from this cosmopolitan neighborhood are being merged into a team. They are working for the "100% idea with just as much ardor as a college ever worked for the success of a team.

These public health nurses and public school teachers are working out a new kind of an educational melting pot. They are giving point to the arguments of the health agencies of the country that our public health work must not be crippled by the demands of war upon our supply of physicians and nurses. The effect of their work will be seen in decreased exemptions for physical unfitness if we are ever again compelled to raise a draft army.

They are also showing in a new way and with new emphasis the opportunity for public service and professional advancement offered to educated young women by the profession of nursing.

The nurse, when she takes the place of the teacher and puts the children through a catechism of hygiene:—"How many have had a bath today?" "How many have brushed their teeth?" "How many have on neckties?" "How many have shoes shined?" "When did you get a hair cut last?" realizes, as she has never realized before, how vastly important to the nation are these, personal inquiries. The same things are being asked in every military training camp in the country—in a different way, perhaps—yet with the same purpose and result.

Hands washed clean under direction of nurse, count in scores in 100% school.

ABOUT PEOPLE

Mr. and Mrs. Henry D. Woodbridge expect to start next Tuesday for Phoenix, Arizona, where they will spend the winter with their son, Chaire.

Howard Rugg returned Friday from Washington, where he has been on a business trip.

Mrs. J. M. Keeckley and grandson, Jack Shidwell, were Columbus visitors Friday.

Miss Mary Carter made a business trip to Coshocton Friday.

Mrs. Roy Pfeffer, formerly Miss Bessie Everts, of Detroit, is visiting at the home of her parents on West Locust street.

Mrs. Sam Harding is visiting with her daughter, Mrs. Carl Jones in Warren, Ohio.

Miss Marion Collins of Columbus has returned home after a few days' visit with Miss Willa McCort of Mt. Vernon road.

Mrs. Charles Middleton of Newark and Mrs. Ed Beoney of Folson, W. Va., have returned home after visiting their brothers, H. L. and W. R. Weiss.—Mt. Vernon Banner.

Mrs. C. C. Deck of Columbia street was called to Quaker City today by the serious illness of her father, Mr. Perego.

Dr. E. J. Russell has returned home from Cleveland, where he attended the state dental convention.

Editor of The Advocate—I am just in receipt of the medal presented to me by the people of Licking county for which please accept my thanks.

I certainly appreciate what the people at home are doing for us, and hope we may be able to serve our country beyond their expectations.

Again thanking you, I remain, your very truly, John W. Davies, Hdqts. Co. 136th F. A.

Mrs. Murdoch of Mt. Vernon, is visiting her mother on Columbia street.

Earl Swern will spend Sunday in Chillicothe.

Miss Dorothy Sheppard and Miss Eldridge of Granville, were visiting in the city today.

Mr. and Mrs. E. H. Haynes of Granville, were visiting in the city today.

Miss Kirkpatrick of Utica, is visiting in the city today.

Mrs. G. Calkoun, Cottage street, is visiting relatives in Columbus.

Richard Kear has returned from Canton to spend Sunday with his family on Granville street.

Mr. H. Harrington, East Main street, is spending a few days in Columbus where she is the guest of Mrs. F. Solinger.

O. H. Brown of the Warden Hotel, will spend Sunday in Columbus.

Mrs. Leo Thomas has returned home, after spending a few days with her mother in Zanesville.

Gilbert Shrader will leave Sunday for his home in Wadsworth, O.

Lieut. Edwin Miller of Camp Sherman is spending the week end at his home.

THE COURTS

Sent to Home.
Helen Kennedy, who has been a ward of the probate court on probation, was in juvenile court today, on a charge of delinquency, and Judge Robbins Hunter decreed that she be sent to the Licking County Children's Home.

She has been under the eye of the court for some time, having been taken from the children's home by Mr. and Mrs. Mac Mossman. As she was not contented there she was placed at the Y. W. C. A. on probation, but as that institution closes soon, through lack of funds, it was decided to send her to the home.

Suit in Common Pleas.
B. G. Smythe today filed a suit in common pleas court against Mary J. Lingafelter and others. It concerns a lien on parcels of real estate.

Motion for Re-trial.
In the case of the State of Ohio vs. Richards, indicted for arson, a motion for a re-trial was filed, in common pleas court.

Granted Divorce.
Frank Bolton and L. C. Russell in common pleas court called up the case of Curtis James vs. Mary James, a suit for divorce, and presented the testimony to the court. The court granted plaintiff a decree of divorce. Custody of minor child was given to plaintiff, with instructions to send him to the school for boys at Techny, Illinois, conducted by the Society of the Divine Word or some suitable institution.

In common pleas court the court heard the evidence in the case of Citizens Building & Loan Association vs. M. E. Glenn, et al., and the case was submitted to the court.

The matter came up to be heard upon the application and affidavit of Wm. W. Glenn that he be allowed, in lieu of a homestead, the balance of the money in the hands of the Sheriff resulting from the sale of real estate described in the petition after the payment of the mortgage, costs and taxes.

Geo. L. Hempy vs. Schneider Machine Works Co., for trial to the court when reached in the assignment.

James T. Murphy vs. Chas. Warden, continued on account of absence of defendant.

A. W. Wilson vs. Chas. Pence, for trial when reached in the assignment.

Robert J. Tucker vs. the United Distillers Co. settlement reported pending.

The Cincinnati Discount Co. vs. C. W. Montgomery: In hands of Frank A. Bolton, Special Master Commissioner.

W. C. Kuster vs. J. S. Kuster: A suit in partition; case will be disposed of when reached in its order in the assignment.

Geo. R. Taylor vs. Ohio Electric Ry Co., for trial Monday, next.

TAKEN TO COLUMBUS.
Mrs. Lee, living near Onville, was removed to the Grant hospital about 2 o'clock this morning in the Bazzler ambulance. She will undergo

Always Have PERUNA

Mrs. L. A. Patterson, 1399 Kentucky St., Memphis, Tennessee, writes:

"I have been a friend of Peruna for many years. I have used it off and on for catarrhal complaints and found it a very excellent remedy. I have a small family of children. Times are hard with us, but I can scarcely afford to do without Peruna, especially during the season of the year when coughs and colds are prevalent. We always recommend Peruna to our neighbors, for the benefit it has been to us."

For Coughs and Colds in the Home. Recommend it to Our Neighbors.

Those who object to liquid medicines can procure Peruna Tablets.

WOMEN'S CLUBS

BY MRS. MARY PROCTOR WILSON.

Send concise reports of your activities to the director of the press, Mrs. Mary Proctor Wilson, Lebanon.

College Women's Vocational Bureau.
The Association of College Women of Ohio has for three years had the ultimate purpose of establishing a vocational bureau which should be at the service of the college women and the trained women of the State.

Last spring it seemed that the project had been worked up to the point where it was just ready to be put into effect when war was declared. Some funds had been collected, a good deal of advertising had made the plan fairly well known, and expert vocational workers of the country had given their best advice as to the way in which this service could be made most effective in Ohio.

At that time it seemed to the executive committee to go ahead with the immediate appointment of a State Vocational Director in view of the diversity of both interests and needs on the part of many contributors towards war needs. We are uncertain how best to proceed on the matter at the present time, and continue to work for the funds necessary to finance the project. Some supporters have argued that in this time of increased demand for women's work every agency that will help to put them into the places where they are most needed and for which they are best fitted is contributing a patriotic service. Others argue that the government itself is taking care of such extra demands and that the increasing number of federal bureaus and State city bureaus will take care of the increased demand for women workers.

The committee is reluctant to proceed without having some expression of opinion from a few people in the State whose judgment would be valuable in helping to reach a decision. They will be grateful for your advice, since they feel sure that your judgment will represent a discriminating estimate of the whole situation.

Write the college women your ideas on the subject.

Board Meeting.
The first meeting of the new executive board of the Ohio Federation of Women's Clubs was held at Hotel Chittenden, Columbus, December 6 and 7. The recently elected president, Mrs. Prentice E. Root, has great assurance of the unanimous support of her co-workers in the conduct of the important business of this splendid organization. The election of Mrs. Susan Brooks, of East Liverpool, to fill the vacancy made by the resignation of Miss Emma Patton, of Kent, as vice president of the North-west district, insures that section of the State a splendid leadership.

Red Cross Seal.
Because of the Red Cross Christmas Seals finance the anti-tuberculosis war in city, county, State and nation, we are again reminded of our responsibility in this vital project. Ohio must sell ten million seals if she does her duty this year.

The women of Ohio have never failed to do their share in every demand made upon them, and there is no reason to suppose that they will disappoint in this instance. Send at once to Robert G. Patterson, secretary Ohio Red Cross Christmas Seal Committee, Columbus, for your appointment.

Shop Early.
Do not forget that you have a distinct duty to those who serve you in the stores, and make their Christmas happier by shopping early.

Several Council of Defense.
Several members of the executive board of the Ohio Federation of Women's Clubs availed themselves of the opportunity to attend the annual meeting of the county chairmen of the Women's Council of Defense, held in the Senate chamber of the State House on Thursday, December 6. The State chairman, Mrs. George Zimmerman, of Fremont, recent president of the Ohio Federation, will take a much needed rest, spending the winter in California. Miss Belle Sherwin, of Cleveland, will acceptably serve as chairman during Mrs. Zimmerman's absence.

Women's Auxiliary to Camp Sherman.
Believing that it is ever better to utilize agencies already established and recognizing the powerful influence of the Council of Defense, Mrs. Prentice E. Root, the State chairman of the Women's Auxiliary to Camp Sherman, has enlisted the interest and effort of the county chairmen of the Council of Defense. It is the earnest desire of General Glenn that every woman of Ohio will become a member of the auxiliary. It is of course most necessary that large contributions be solicited, but any one giving one dollar to the cause becomes a member, just the same as the fortunate one who can contribute one hundred dollars. Even at this early date reservations are being made for some by mothers of the soldiers that they may have a few precious hours before the call overseas.

Mrs. Root has all club women to make this a success, the kind of a success it cannot fail to be if each and every federated club will rally to the aid of their county chairmen of the Council of Defense of which the federation is a part. Four hundred thousand members of the auxiliary is the goal for which we all are striving. There are approximately sixty thousand federated club women in the State. When your chairman announces her plans, will you prove your loyalty to your leader and the cause for which she is working, in addition to the numerous other ways of going by out and enrolling at least five members. Let us not forget for one moment that we are in the second line of defense.

The Sick.
Miss Marguerite Pfeil has resumed her duties at the Meyer & Lindorf store, after recovering from an illness of about a week.

Mrs. Hilda Weiber has returned to her duties at the Meyer & Lindorf store, after a long sickness.

Mrs. Mary Haisell has resumed her duties with Dr. Kennedy at his office in the Trust building.

Verdict for Defendant.
In common pleas court in the case of Herman Smoke vs. Simeon I. Tatham, the jury returned a verdict in favor of the defendant. The suit was brought to recover compensation for personal injuries growing out of an assault and battery, plaintiff claiming that defendant threw a stone striking plaintiff in the eye.

RICH NOURISHING FOOD

Cows' milk is a complete food containing all of the necessary food elements.

Food values considered, it costs very little, much less than most food products.

There is no waste, such as bone, shells, etc.

Milk is a complete food for small children and a rich food for grown-ups. Use plenty of it in your cooking. Try an extra bottle of our milk each day for a week or two.

Phone your order into our office, or tell our Wagon Salesman to leave it. The extra cost is little, but the benefits are great. Let us serve you regularly if you are not already our customer.

Fresh clarified, pasteurized milk. TRY SOME. THE LICKING CREAMERY CO. 12-5-8-12-15 Elmwood Court.

GOING! GOING! GONE!!!
REMARKABLE VALUE! RELIABLE SERVICE! RELIABLE SERVICE!

I WAS wedged in
LIKE A sardine on my
BUT HOME last night
BUT THE woman just ahead
OF ME was well groomed,
AND THE very sight of her
HAIR RESTED my tired nerves.
SHE HAD a little girl
BESIDE HER and when the L. G.
CALLED HER "Grandma"
I ALMOST fainted. I
BELIEVE YET that it was
A PET name because she
LOOKED SO young.
IF SHE does not use
NEWBRO'S HERPICIDE
I AM a poor guesser.
Yours for beautiful hair,
Herpicide Mary

UNDER BOND FOR DISLOYALTY TO THE PRESIDENT

Elias Grasley, a farmer of near Bucyrus who is held to the federal grand jury under a bond of \$2,500 for alleged utterances of disloyalty against the president of the United States, has employed Benjamin Meek, Bucyrus attorney, to defend him, should an indictment be returned.

It may not be generally known here but there are a few people in Newark under surveillance for similar offense and no surprise will be caused one of these days when government secret service men place them under arrest for appearance before federal grand juries. It is the duty of every good citizen to be loyal during the present great crisis to his president, his country and its government.

DR. E. D. MELVIN, CHIEF OF ANIMAL INDUSTRY IS DEAD.
Washington, Dec. 8.—Dr. E. D. Melvin chief of the bureau of animal industry and well known to the country as the government's foremost figure in combating foot and mouth disease and other diseases of cattle, died at his home here last night of pulmonary hemorrhages. He was 55 years old.

GREAT SAVING IN SUGAR, FLOUR AND MEAT IS REPORTED

Estimates have been made of the saving by hotels and restaurants in this city by the observance of "meatless" and "wheatless" days at the request of the state food administrator, Frederick Croton and have been forwarded to Columbus. It shows that during the past month 2,500 pounds of sugar were conserved, 3,500 pounds of meat and 1,000 pounds of flour.

Mr. W. C. Kuster of the Serviss restaurant in the Arcade Annex stated today that all restaurants and hotels in the city were cheerfully complying with the request of the state administrator to observe the days and he urges that all boarding houses of the city and county do the same. Mr. Kuster states that during the past month his restaurant has assisted in the conservation to the extent of 500 pounds of sugar, 700 pounds of meat and 800 pounds of flour.

A class of 291 was received into the Shriners on Friday evening in Columbus. The big initiation was made an event and Shriners were present from all over the state. Over seventy-five members of the Licking County Shrine club were in attendance.

Milady's Boudoir

Massaging the Face.
When you give your face a regular ten minutes massage you must have a good cold cream and, if you have not already found one just to your liking. I think you will find the following formula to be a delightful addition to your beautifying necessities: sweet almond oil two ounces, spermaceti one ounce, coconut oil two ounces, white wax one ounce, tincture of benzoin three drops, lavender two ounces and orange flower water two ounces.

After putting together all of the ingredients, except the benzoin and orange water, let them mingle by setting in a dish over a slow flame. When they are melted take from the fire, beat with an egg beater and, when partly cold, add the benzoin drop by drop, stirring constantly. The orange flower water, in a thin stream, while beating the mixture.

In addition to this you should possess a good wrinkle astringent. The glycerine astringent is a determined foe of all wrinkles and you should have it on hand for daily use. Here is the formula: Glycerine one hundred grams, boric acid fifty grams. Let the boric acid dissolve in the alcohol, then add the glycerine, next the rose water and, finally, the benzoin.

Every Day Etiquette
"What is the proper way to word an announcement card when only the mother of the bride is living?" queried Madge.

"The card may read as follows," said her aunt: "Mrs. Charles Horace Doan has the honor of announcing the marriage of her daughter, Frances, to Mr. Harry L. Frank on Thursday, December the sixth, nineteen hundred and one, at St. Margaret's chapel."

To Climb a Fence.
One of the modern conveniences for farmers is a wooden stairway built on both sides of a fence. This inexpensive provision does away with injury to fence and to careless fence climbers, but in no wise interferes with the purpose of the fence as a barrier to stock.

BROTHER VERY ILL.
M. Schonberg, of Hudson avenue, has returned from a two weeks' visit at Cleveland, where a brother has been seriously ill. His condition showed but little improvement and Mr. Schonberg will return in the near future.

BUSINESS GIRLS.
The Business Girls' Bible Class of the Y. W. C. A. will hold its meeting at the regular time, Tuesday evening, December 11th at 6:00 o'clock, an operation.

To serve our own needs—hats, and shoes.

ORDER OF ELKS GIVES A GREAT WAR HOSPITAL

New York, Dec. 8.—The Elks war relief commission has received grateful acknowledgment from the government for the gift of \$250,000, to provide a great reconstruction hospital—the first in the United States—where maimed and disabled American soldiers and sailors may receive the best of expert attention and occupational instruction.

The first reconstruction hospital where our soldiers will be re-educated in occupations which will best fit them not to become a burden to society, will be erected in Boston. It will consist of a complete unit of twin ward hospital buildings, vocational workshops, barracks, mess hall and post exchanges. This was definitely decided upon a few days ago at a meeting of the Elks' war relief commission, composed of John K. Tener, chairman; Joseph T. Fanning, secretary; Jerome B. Fisher, James B. Nicholson, Edward Rigniter and Fred Harper, grand exalted ruler, following a conference with Surg-General Gorras.

The site will be on Parker Hill, Boston, contiguous to the Robert B. Brigham Hospital. The institution will serve as the model standard maker for similar plants to be established throughout the United States. The buildings will be thoroughly modern in architecture, light and cheerful, and will have a well-trained and especially efficient professional staff.

LOCAL LODGE CONTRIBUTES.
The local lodge contributed \$400 to the above fund, each member voluntarily donating a dollar to the project. The Elk order in addition undertakes to raise a great war fund to which the local lodge has also subscribed a generous amount.

WANT THOROUGH ORGANIZATION FOR CITY AND COUNTY

The first statewide meeting of the Women's Auxiliary of the National Council of Defense of Ohio was held in Columbus on Thursday in the statehouse senate chamber.

A full report of this meeting will be given on Tuesday afternoon, December 11 at 3:00 o'clock in Taylor hall at which time it is desired to secure a more thorough organization in Newark and Licking county. A representative is wanted from every organization and from every township and village. Mrs. E. T. Johnson, chairman, states that it is the duty of every one to come and there is much work to be done and that now is the time to do it.

A RAW, SORE THROAT

Eases Quickly When You Apply
a Little Musterole.

And Musterole won't blister like the
old-fashioned mustard plaster. It pen-
etrates to the sore spot with a gentle
tingle, loosens the congestion and draws
out the soreness and pain.

Musterole is a clean, white ointment
made with oil of mustard. It is fine for
quick relief from sore throat, bronchitis,
tonsillitis, croup, stiff neck, asthma, neu-
ralgia, headache, congestion, pleurisy,
rheumatism, lumbago, pains and aches of
the back or joints, sprains, sore muscles,
bruises, chilblains, frostbites, colds on
the chest (it often prevents pneumonia).
Nothing like Musterole for croupy chil-
dren. Keep it handy for instant use.
30c and 60c jars; hospital size \$2.50.

LIVER TROUBLE

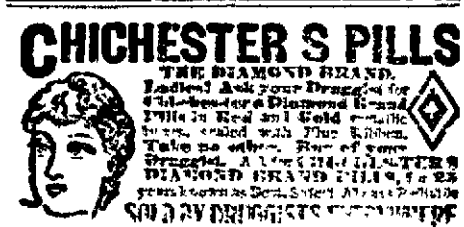

Gall pains in the back, often under
the shoulder blades, poor digestion,
heartburn, flatulency, sour risings,
pain or uneasiness after eating,
yellow skin, mean liver trouble—and
you should take

SCHENCK'S MANDRAKE PILLS

They correct all tendency to liver
trouble, relieve the most stubborn
cases, and give strength and tone
to liver, stomach and bowels.

Purely vegetable. Fluid or Sugar Coat.

THE ADVOCATE

AMUSEMENTS

AUDITORIUM THEATER.

Amusement-seekers for tomorrow
will have a treat if they attend the
Auditorium theater and witness
George Walsh, clever William Fox
star, who is seen in the five-reel
photoplay, "This is the Life."
This new comedy-drama deals
with a young man, Billy Drake, who
is particularly happy and carefree,
and whose father finds difficulty in
bringing him down to every-day
work. After many efforts, all of
which the young man turns aside
largely with a joke, the father, who
is a munition manufacturer, decides
to send him to South America to
guard a munition shipment. He de-
clares Billy must go or lose his in-
come.

Billy Drake loves his ukelele and
motion pictures, but he is also fond
of his income. So Billy agrees to go.
Before he starts, however, he sees
a young girl who is particularly
beautiful. She is in front of mo-
tion-picture theater. He becomes
possessed with the idea that she is
a motion-picture "queen." Through
a breaking down of her auto and his
repairing it he becomes acquainted
with her. When he goes on board
the ship to sail for South America
this girl is on board. There is also
on the ship Herman von Nutenburg,
who is interested in stirring up
trouble in the South American re-
publics.

As an extra added feature, the
two-reel Mack Sennett comedy,
"The International Sneak." This is
one of Sennett's greatest laugh-mak-
ers and between the his feature and
the comedy we promise you an en-
joyable afternoon or evening at the
Auditorium.

"Redemption" is distinguished by
superb photography, the tense in-
terest of its narrative, the mother-
love displayed by the heroine, the
excellent supporting cast, and the
stage direction.

Large crowds saw this wonderful
production yesterday and, no doubt
the last showings today will be
greeted by capacity-audiences all
day. In connection with this fea-
ture, the Hearst-Pathe News, a Sat-
urday feature always, is shown.

"Bab's Burglar."
Amusement-seekers in the film
line have some classy shows at the
Auditorium next week, starting Mon-
day, for Marguerite Clark appears
in the second Sub-Bab story by Mary
Roberts Reinhart, called "Bab's
Burglar." Miss Clark has sure
made good with Newark picture-fans

in these Sub-Deb stories, for we
haven't been able to get enough of
that delightful star—for shortly
after the first showing of Bab's
Diary, patrons were waiting for the
second, and here we have it, "Bab's
Burglar." In the first story, Miss
Clark have paved the way for her
second so effectively that everyone
has awaited the announcement for
her appearance at the Auditorium.
This second film version of the
series of stories by Mary Roberts
Reinhart is even more diverting than
the first and ought to win wider
sympathy for the troubles of a
boarding school miss. Miss Clark
has found one of her best roles in
"Bab," for her round-eye serious-
ness is the right thing to cause the
character to be taken anything but
seriously. There is an abundance
of comedy situation in "Bab's Bur-
glar," and it is sure to please her
most admiring friends. Two extra
features are shown Monday in the
Hearst-Pathe News and "The Inter-
national Sneak," a Mack Sennett
comedy.

Athletic Fund Concert.

Mrs. J. Sprague has prevailed
upon Manager Fenberg of the Audi-
torium theater, putting his famous

mail-order system in effect for the
concert to be given for the athletic
fund for our Licking county boys at
Camp Sherman, Wednesday, Decem-
ber 19, and he has decided to do so.
So all who have bought tickets from
the different ladies selling them can
mail these tickets, together with
stamped envelope for return of
tickets. Others who have not pur-
chased their tickets can send check,
money-order or draft, the same as
above, and Mr. Fenberg will file
same in order received and tickets
will be mailed out early. This will
relieve waiting in line at the box
office and, in fact, is a more satis-
factory way to obtain seats. As this
is a benefit, D. E. Williamson, in-
ternal revenue collector at Colum-
bus, advised Mr. Fenberg that no
war tax was attached to sale of
tickets, therefore do not include
war tax with money-order, check,
etc. The seat-sale at box office does
not start until Saturday evening,
December 15.

"Intolerance."

When her sister, Norma Tal-
madge, began appearing in big mo-
tion pictures, Constance Talmadge,
who plays a leading role in D. W.
Griffith's "Intolerance," was just
becoming interested in pictures. Her
interest, however, did not extend to
taking active part in the making of
the Cinema dramas. The lure of the

studio had not caught Miss Con-
stance as it did her kin.

The memory of the old storeroom
showhouse where one-reelers were
shown was still too vivid in Miss
Constance's mind to cause her to
want to be a part of this seemingly
unimportant factor in the world's
amusement. But when the big
houses began opening and legitimate
theaters were thrown open to spec-
tacles, Constance Talmadge finally
bowed to the inevitable and joined
her sister and many other stage-folk
in acting before the camera.

Of course, Miss Talmadge says the
seeking of realism extended only to
the destruction of inanimate objects
and not to the point of taking lives
in the battle pictures and massacre
scenes.

Tuesday at 10 a. m. the seats will
go on sale for D. W. Griffith's col-
ossal spectacle, "Intolerance," which
is going to be presented here next
Thursday, Friday and Saturday in
precisely the same lavish manner,
including a symphony orchestra and
chorus of voices, that it was in New
York, Chicago, Philadelphia, and
other large cities of this country.
Mail orders are now being received.

Polly's Dad Had His Eye on the Porter.

Polly Moran, famous girl sheriff
of the Paramount-Mack Sennett
comedies, has troubles of her own.

DID WOMAN'S SUFFRAGE ORIGINATE in BABYLON?
The POSITION of the GENTLE SEX
in the ANCIENT CITY was
HAZARDOUS but INTERESTING.

**THE MARRIAGE MART IN
BABYLON WITH YOUNG
WOMEN BEING SOLD
INTO MATRIMONY.**

**A SUBJECT FOR
PROSPECTIVE HUSBANDS THAT BROUGHT
A PRICE IN BABYLONIAN MARKETS.**

While D. W. Griffith in his wonder work, "Intolerance," has made the walls and palaces of Babylon as attractive as if twenty-five centuries had not buried them beneath the sands, he has not been able to efface the fact that even at this early period of civilization the eternal woman was beginning to come into her own.

In the interesting research for facts upon which to rear these portions of his great spectacle the producer unearthed the interesting data that woman had certain inalienable rights in Babylon which they have been enlarging upon ever since.

Griffith says he was not surprised to find that people loved and hated, fought and died much as they do today, but he was astonished to discover that in the first law courts of the world women were allowed to plead their own cases under certain conditions. The Babylonians were tainted with superstitions, but they did not hold this as a feminine monopoly. It was not so long ago that soothsayers and clairvoyants flourished in this country. The Babylonian girl was looked upon as a chattel, and yet she had rights which were denied her sisters in what were regarded as more progressive ages.

It was permitted for women to enter into business partnerships, and there was opportunity to lend and to borrow and to bequeath property.

In "Intolerance" Griffith shows the Babylonian wedding mart. In those market places not only fathers, but brothers also sold their women relatives into marriage, and the price

paid for pretty girls was generally used as the bonus that induced men to purchase the homely ones. Sometimes brides were required to bring dowries, but the property she possessed remained her own. The marriages were partly religious in character and partly civil. It is likely that in Belshazzar's day the religious ceremony was not compulsory. But when a young couple went to the temple for a marriage the priest first placed the woman's hands and feet against those of the bridegroom, who then would say to her:

"Silver and gold shall fill thy lap. Thou art my wife. I am thy husband."

After that sandals were bound on the feet of the couple and the man and the woman received a latchet to tie their footgear. Another present was a purse of silver and gold. To-day we have the wedding ring and a check from father.

Divorce was not unknown. Complete separation of couples was possible on slight pretext, and it was a favorite means of testing a wife's faithfulness to throw her into the Euphrates and to see whether she would sink or float. It will be remembered, however, that only a little more than 200 years ago in this country the intemperants had a playful habit of dipping persons into streams on ducking stools, determining through this process whether the ducked one was in league with supernatural powers.

Then, too, in those ancient times dancing was indulged in and a generous host often would have his daughters and wives disport themselves in the filmiest of garbs for the delectation of honored guests. Today it is not necessary to have a lord and master urge a dancer to appear in abbreviated apparel.

AMUSEMENTS

(Continued from Page 7)

She recently sent her father on a tour. Polly says he got his diamond polished up—which, by the way, is as big as an ordinary egg—just a regular one.

Polly bought him a new palm beach suit and a pair of white canvas shoes and by that time he began to look like Ireland on a moving day. Together with her mother, Polly started him off in the direction of Chicago. His thoughtful wife had provided him with a light luncheon in the shape of three—count em—fried chickens.

When he got down to his train they got him settled in his berth and were about to leave when Polly's watchful eye saw him slip the porter a dollar bill.

"What did you do that for?" she asked him.

"It's a tip," he said.

Polly remonstrated, stating that in war times—etc., etc. "What did you want to do him now for, anyway?" she added.

The old man winked shily. "I saw him looking at them chickens and I just had to do something to get his mind off the subject or I'll go hungry to Chicago," was his answer. Polly was silenced and started hastily back for the studios where she was working on the Paramount-Vick Sonnet comedy, "The Intentional Spank," which will be shown at the Auditorium tomorrow and Monday.

William S. Hart
The World's Great Gunman In
The Primal Lure

"Intolerance" comes to the Auditorium theatre next Thursday, Friday and Saturday.

GRAND
William S. Hart
At the Grand on Sunday, William S. Hart with Rhea Mitchell will open in "Dakota Dan," an epic of the Great West, made only as "Dakota Dan" can make it under direction of Thomas H. Ince. An exciting supporting cast, superb photography, gripping, thrilling, swift moving, tensely exciting story. Sloan in connection with the Sennett-Triangle comedy, "Cactus Nell" and the Pathe serial, "The Fatal Ring."

LYRIC
Ever see a witch? Ever see a picture of one? Unanny looking, aren't they? Strange and ghostly stories have been told of witches and demons since the beginning of history. Fairy tales and nursery rhymes are full of witches, such as the fairy turning ragged little Cinderella into a beautiful princess, or a single wave of the hand and old Rhy Van Winkle was made to sleep for 200 years. But strange as all these things may seem, still stranger are the amazing and wonderful performances given by Richards, "The Wizard," and company who open a week's engagement at the Lyric the-

atre Monday, with a matinee every day, presenting the highest class and most elaborately staged mystery, musical, fun show that has ever toured the American continent.

The entire production is coming to Newark intact exactly as presented at every principal city in North America with three complete changes of program during the week, and this positively is the very

best and public, humiliated her when she discovers that the man really believed her guilty? This is the problem that gives a new and tense turn to the "love interest" in "The Primal Lure," a Triangle play starring William S. Hart, at the Alhambra.

Any woman who has endured the lash of a cruel and false accusation will sympathize with Lois Le Moyne, the youthful heroine of this play of the far Northwest. Seeking to leave a little gift, the work of her own hands in the desk of the man whom she shyly and secretly loves, she is seized by that man as a thief, dragged through the settlement, and thrust into prison before the eyes of everyone she knows.

UNION STATION.
Wesley and Ora Weekley of Camp Sherman, Chillicothe, spent Thanksgiving with their parents, Mr. and Mrs. J. W. Weekley, and family.

Miss Gladys Weekley and Laura Bell Keckley attended Sunday school and preaching at Lehigh, Sunday.

SOMETHING SO THRILLINGLY EPICAL IT WILL MAKE YOU FEEL THE IMPULSE OF A NEW AND MIGHTY FORCE.
D. W. GRIFFITH'S COLOSSAL SPECTACLE
INTOLERANCE
LIFE'S MIGHTY DRAMA DOWN THE CENTURIES, SEEN AS FROM A PINNACLE IN ONE SWEEPING GLANCE.

"Stupendous, tremendous, revolutionary, intense, thrilling, and then you can throw the old typewriter away and give up with the dictionary, because you can't find adjectives enough to describe the picture on the screen what is without question, the most stirring human expression that has ever been presented to the world. No spectacle, drama, book, speech or any other expression understood by mankind has ever registered the motions that this production brings.—*World's Magazine*.

"Thrilled a thoroughly wise audience into involuntary applause with its intense realism."—*Herald*.

N. Y. EVENING POST:
"From the standpoint of sheer artistry, D. W. Griffith's 'Intolerance' may be regarded as the highest achievement the camera has recorded."

N. Y. HERALD:
"The Birth of a Nation" is to 'Intolerance' what the old one-reel motion picture is to the modern feature film."

CHAS. DARNTON, EVE. WORLD:
"It makes new motion picture history. Three again, D. W. Griffith proves himself the ruling genius of the motion picture world."

N. Y. SUN:
"Intolerance" is the greatest film spectacle of the age."

H. BROOK IN THE TRIBUNE:
"We see an automobile racing to save the boy from the gallows, while in the next the girl is galloping along the Euphrates in her chariot to have Belshazzar, strangely enough, a sudden switch from Cyrus to the present, to Babylon and back to the Bowsery, does not work against the suspense of either story, but heightens it."

NEW YORK AND BABYLON GO WELL TOGETHER.
"Mr. Griffith stands as the master of expression in this present day world.—*World's Magazine*.

O. STEVENS IN THE AMERICAN:
"Intolerance" unravels the soul of humanity."

ZIT IN THE EVE JOURNAL:
"Sets a new mark for his imitators to shoot at."

N. Y. TIMES:
"An impressive spectacle."

N. Y. EVE. TELEGRAPH:
"The most superb effects yet achieved in motion picture."

JOURNAL OF COMMERCE:
"Intolerance" is something no one should miss."

EVING. ST. A:
"D. W. Griffith surpasses his own record as a master of screen productions."

N. Y. WORLD:
"Brought up the spectators to a high pitch of enthusiasm."

LOUISIANA IN THE GLOBE:
"The pictures are not only thrilling and magnificent, but they are also authentic."

R. WOLF, MORNING TELEGRAPH:
"The most stupendous film production the world has ever seen."

N. Y. COMMERCIAL:
"That man who produced 'The Birth of a Nation' and 'The Sign of the Cross' has set the show world talking once back with a bigger and far more stupendous spectacle."

"A spectacle that no one should miss seeing. . . . It marks a new epoch in this form of entertainment."—POST.

The only production Mr. Griffith has made since "The Birth of a Nation."

B. & O. Pay Day.
B. & O. employees will receive their pay for the latter part of this month before Christmas. This will be a great accommodation to all the men. A standard pay day has been inaugurated, the 14th and 29th.

Cleared Nice Sum.
The dance committee of the Glass Bottle Blowers Union report that \$110 was cleared at the Thanksgiving dance, and that the money will be used to buy sweaters for members of the union now serving in the army.

New Master Mechanic.
The new master mechanic of the Baltimore and Ohio railroad, Mr. W. D. Johnson, is now here but his family has not as yet come from Dayton. Mrs. Johnson will be remembered by many Newark people as Miss Jessie Kane who when a resident of this city lived in Buena Vista street. Mr. Johnson was master mechanic for the C. & H. & D. at Dayton before coming to this city. He succeeded Mr. A. E. McMillen who goes to Dayton.

Council of Defense.
The local branch of the National Council of Defense will meet Monday evening at the council chamber in the city hall at 7:30 o'clock. All organizations in the city are requested to have a representative present.

Fractured Wrist.
Miss Grace Eshelman is suffering with a fractured wrist. While returning to her home in Elmwood avenue from work Thursday evening about 6:00 o'clock she slipped on a street fracturing her wrist. Dr. Leland Baxter dressed the injury.

Attended Funeral.
Mrs. James E. Jones of West Church street and Miss Murdock attended the funeral of Mrs. H. B. Dick of Cincinnati which was held in Zanesville. Mrs. Dick formerly lived in Newark.

Alhambra Doing Its Bit.
The Alhambra theatre will give a Red Cross soldiers' relief fund benefit next Tuesday morning, Dec. 11. This special matinee is donated by the management. The picture will be Harold Lockwood in "Paradise Garden." Admission Tuesday morning will be 10 cents as there is no war tax charged on a Red-Cross benefit.

Removed to Sanitarium.
Caj Williams, Union and Eleventh streets, was removed to the Newark Sanitarium, Friday morning, in the Bazel ambulance.

Feast of Immaculate Conception.
The Catholic churches of the city are today celebrating the Feast of the Immaculate Conception. Masses were solemnized at 6 and 8 o'clock.

You never can tell. The outcome of a matrimonial venture depends largely on the income.

WOMEN RACE FOR LIFE FROM PURSUING BEAR

People in Maine Don't Have to Go to War to Get Excitement.

Bears are so numerous and bold in Maine this fall that the natives don't have to go to war to get excitement. It is a popular belief that the bear fears the hum of civilization and instinctively avoids settlements, but like most popular beliefs, that one is subject to frequent upsets. One of these upsets occurred in the town of Milford, 15 miles up the Penobscot from Bangor, the other day, when a bear described as "big as a cow" pursued Mrs. Alice McAllister and Mrs. Millie Powers, who were driving along the county highway on their return from Greenville.

Mrs. Powers lashed the horse into its top speed to keep ahead of the fast-loping bear, but at a turn in the road the front axle of their carriage broke, pitching them into the ditch.

In an instant the women were on their feet and freed the horse. They mounted the animal and rode at top speed. After a race of a mile or more they reached the Fred Allen place, but there was no one at home. They barred the doors and telephoned to the Tom Simmons farm for help. A dozen men were soon out after the bear, but no trace of him could be found.

KILLED IN SPECIALLY ARRANGED AIR DUEL

Captain Immelman, until his recent death Germany's premier aviator, who was killed in a specially arranged air duel by Captain Ball, an English pilot.

Notes dropped in the opposing lines arranged the meeting to take place in the air high above the German lines. The two planes soared into the air while the guns in the British and German lines ceased firing. Soldiers of the two forces lay down their arms and watched with interest the maneuvering of the fighters. Before Immelman could get into firing position Ball looped and let go with his machine gun smashing the airplane. The German machine burst into flames and dropped to earth.

Captain Ball then flew back to the spot over which the German fell and dropped a huge wreath of flowers.

Four days later Captain Ball fell after a battle with four German planes which he fought single-handed. Before he dropped he sent three to earth.

FINDS BIG EGG

Thought It Came From an Ostrich—But a Hen Laid It

When J. T. Watson of Los Angeles heard a great chorus of cackling in his chicken yard he figured that his chickens had fixed up another fresh egg for his breakfast and he went out to investigate.

He reached into the nest for the egg and could hardly get his hand around it. He pulled it out of the nest and then started looking for footprints of an ostrich in his chicken yard. For the egg was the largest he had ever seen.

No ostrich or ostrich tracks could be found, so Watson arrived at the conclusion that one of his hens had laid another blow at the high cost of living.

The egg weighed four and one-quarter ounces and was six and one-half inches in circumference and nine inches in lengthwise circumference.

GERMANS ATE CIRCUS ZOO

Teuton Soldiers Devoured All the Wild Animals From Hagenbach's.

The Kaiser's soldiers have eaten all of the animals in the vast supply zoo of the Hagenbach brothers at Hamburg, according to G. W. Meredith, a Los Angeles manufacturer. Mr. Meredith was in Germany until after the United States entered the war.

It was impossible to supply the animals with meat and other food, says Mr. Meredith, so feeding the wild animals to the soldiers proved a double purpose. In the lot were lions, tigers, jaguars, leopards, rhinoceroses, hippopotamuses and other jungle beasts and reptiles.

RELIEF TRAINS REACH HALIFAX THROUGH STORM

(Continued from Page 1.)

here is problematical. Other rescue trains also are reported snow bound. With every building in Halifax and Dartmouth more or less damaged by the explosion and fire, men, women and children huddled together as best they could and passed a night of suffering. The chilling wind whistled through the shattered windows; there were scarcely blankets enough to cover the wounded and the many were unable to obtain food. Fires were almost out of the question and the only lights obtainable were from oil lamps or candles.

Out of the chaotic conditions, rich and poor have rallied gallantly to their duty of caring for the injured and homeless and accounting for the dead. The citizens' finance committee, headed by Justice Harris, estimates that there are 20,000 destitute people in the devastated area, the majority of them from the poorer classes. Nearly four thousand dwellings were destroyed, the committee declared, and the actual losses and the estimated cost of temporary maintenance will approximate \$30,000,000.

Perhaps the most serious of the many problems to be met is the food situation. There is enough food in the city for immediate needs, but unless communication is opened soon, the city faces the possibility of famine. Energies of local relief committees have been centered on the conservation of food and merchants have surrendered all their available supplies for the common need. Milk is almost unobtainable and fears are expressed for the lives of babies in arm unless an adequate supply is assured from outside sources.

In the greater task of caring for the living, no concentrated effort is being made at present to compile a list of the dead, but hundreds of soldiers, sailors, American "Jackies" and volunteers are groping under the mass of wreckage searching for bodies. The morgues are choked with mangled bodies, many of whom never will be identified. Police officials still estimate the dead at 2,000 and the injured at 3,000 or more.

At all hospitals, regular and improvised, every available spot is occupied by the wounded. In addition to the Nova Scotia general and Camp Hill hospitals and the infirmary, the Y. M. C. A. Knights of Columbus building, St. Paul's Hall and public places have been converted into temporary hospitals.

Doctors and nurses have worked unceasingly since the first hours of the explosion with little or no sleep. The academy of music, the theatres and halls of fraternal organizations have been thrown open to care for the homeless. Private citizens have opened their homes and given their extra clothing to the unfortunate.

The newspaper offices are the clearing houses for information and they have been besieged all during the storm by throngs of persons anxious for news of relatives. The city clerk's office is the official headquarters for lists of the dead and missing.

The spontaneous action of the United States offering aid has awakened a new bond of sympathy between the two peoples. Relief also has been promised from every town in Nova Scotia and from all parts of Canada. Sir Robert Borden, the prime minister, arrived here yesterday and has placed all the resources of the Dominion government at the disposal of the city.

RELIEF TRAINS ARE DELAYED BY BIG SNOWSTORM

(Associated Press Telegram)
Truro, N. S., Dec. 8.—Additional outside relief for the suffering thousands in Halifax was dependent today upon the weather. The great snowstorm delayed the situation.

Almost every hour a load of a relief train stalled by the huge drifts piled up by the gale all along the railroad lines between Moncton, N. B. and Halifax. One train with doctors and nurses from the United States on board, was caught at Memramook Junction, N. B., thirty miles from the Nova Scotia border. Another which left St. John, N. B., Thursday night with doctors, nurses and relief supplies, ran into a tremendous snow bank at Londonderry, 20 miles from Truro.

Somewhere between Amherst and Truro the Massachusetts train was held up by similar conditions. This stretch of railroad bore perhaps the worst of the storm, as confused wind currents swept across it from the Cobequid mountains, which the line traverses through a notch.

Word came from Halifax today that the condition of many of the injured was very serious and that there was not enough doctors in the city to give them the needed treatment. The most imperative need was said to be more physicians.

Some three hundred persons, suffering from all kinds of injuries are being cared for in improvised hospitals in Truro. Windsor, the only other large town within easy railroad communication with Halifax, is caring for three hundred more. So far as is known here none have been sent to any other place. If the trains were able to get through, it was expected that two hundred more injured persons would be sent here today.

OHIO IS FACING A COAL FAMINE

(Associated Press Telegram)
Columbus, Dec. 8.—Ohio faces a coal famine and suffering which will be as serious as any previous or present shortage yet experienced. With the transportation system under a wire of a variety of war bound conditions, the situation is further complicated and is threatened by the first heavy snow of the winter.

One way to be reasonably sure of fairweather is to put something by for a rainy day.

In The Realm of Toys

Toys to the child is what business is to the man, what home life is to the woman—the child's world.

To play is the natural business of childhood. It instructs and amuses. It brings forth the latent mother instinct in the girl—the constructive and practical instinct in the boy.

Our toy section is replete with the best products of the Toymakers' Art. Toys of interest to Boys and Girls of any age. Bring the children to see them.

LICKING COUNTY WINS HONORS AT NAT'L EXPOSITION

(Special to The Advocate.)
Toledo, O., Dec. 8.—Licking county carried off the honors at the Ohio Apple Show, held here in connection with the National Farmers' Exposition. Homer C. Price, former dean of the agricultural college of Ohio State University, was awarded first prize for one hundred tray exhibit; second went to W. W. Farnsworth of Lucas county. Mr. Price also captured prizes in a number of other exhibits. The booth exhibit was won by Mr. Farnsworth and the county exhibit by U. T. Cox of Lawrence county. There were over 300 entries and the display was an exceptionally fine one.

LIKE WRITING A CITY DIRECTORY

Say the employees of The Home Building Association company, who are getting out the checks for the 1917 Christmas Money Club members.

The people who will share in the big \$155,000 Christmas fund of the "OLD HOME" come from every walk of life.

Big business men and newsboys, little girls and their grandmothers—and, in some cases, every member of a family will receive Christmas checks.

The work of getting the checks written is progressing rapidly and the officers of "THE OLD HOME" state that they will be mailed next week so that the club members can do their Christmas buying.

RECORD SNOWFALL DELUGES CITY TODAY

"It snows" may have been the joyous cry of the school boy, but it changed to a plaintive wail from most of the pedestrians today, after record snow fall for the month of December had deluged the city.

Beginning early Saturday morning there was no cessation, and while car service, was fairly well maintained early, as the day grew, and the snow became heavier, schedules were badly disarranged. The Ohio Electric ran interurban cars on fairly good time, but the city schedules suffered, and it was catch a car when you could.

The telephone companies have as yet experienced little trouble as the snow is light and dry. Colder weather is promised, and in some places it is far below zero.

It's all right to be attractive, but very often folly attracts more attention than wisdom.

A fair exchange is no robbery. Many a woman would swap her husband for alimony.

The Twenty Payment Plan

An original and copyrighted plan of lending money on Furniture, Pianos, etc. The following features make the Twenty-Payment Plan most desirable and absolutely fair to the borrower.

- 1.—It permits twenty full months to repay your loan, should you wish it.
- 2.—It relieves you of the responsibility of providing to pay large payments.
- 3.—However, the borrower if he desires can pay in part or in full at any time.
- 4.—Interest is charged at the legal rate only for the actual number of months loan is carried.
- 5.—You can pay in full in one month or twenty months and the interest is charged only on the actual amount of cash still outstanding.
- 6.—In other words: You are under no obligation to carry the loan any longer than you desire. The faster you pay the less it costs.

\$2.50
Monthly Payment on \$50.
\$3.75
Monthly Payment on \$75.
\$5.00
Monthly Payment on \$100.

Interest at the legal rate. No extra charges for papers, appraising, etc. Ask for free folder which explains "The Twenty Payment Plan" in detail.

Don't Promise

Don't promise to pay large payments. It may prove very embarrassing to you. You can never tell what your circumstances may be later on.

The Twenty Payment Plan will relieve you of any such responsibility. It makes it easy for you to borrow and repay in twenty monthly payments so small that you will not feel them. However, if you desire you can make larger payments and are charged interest only on the actual amount of cash still outstanding. Interest at the legal rate of 3% per month.

\$2.50 Monthly Payment on \$50
\$3.75 Monthly Payment on \$75
\$5.00 Monthly Payment on \$100

MARTINSBURG

One of the strongest musical programs ever given in the village will be the second number of the lecture course in the Presbyterian church on Tuesday evening, December 11. The Griswold Sisters Quartet is an exceptional band of musicians, who combine natural ability, grace, and culture. The program will consist largely of instrumental music. The varied program will present an evening of rare pleasure. The management has heard these gifted sisters and is free to recommend their program to the people.

Thanksgiving day was the occasion of a family gathering at the home of Mr. and Mrs. O. R. Cummings. Those present were Mr. and Mrs. C. D. Neally and Miss Ruth Bebout of Centerburg, Mr. and Mrs. C. Cummings of the village and Corporal A. W. Neally of Camp Sherman.

Orlando Bebout, who is assigned to the mess hall of the base hospital, spent Thanksgiving with his parents, Mr. and Mrs. W. G. Bebout.

Mrs. Scmariah McKee is quite ill with heart trouble. Mrs. Orrie Brown and little daughter of Pittsburgh are at her bedside.

Miss Margaret McCullough of Defiance college spent Thanksgiving with her parents, Mr. and Mrs. David McCullough. She was accompanied by her room mate, Miss Lucille Morrison.

Miss Ada Blackburn, who is attending school at Athens university, spent the Thanksgiving vacation at home.

Mr. and Mrs. Harry Bates of Mt.

Thank Offering Meeting.
The Woman's Home and Foreign Missionary Society of St. John's Lutheran church, held their annual thank offering service at the church Tuesday evening, Nov. 27th. Mrs. Carl Ritchie presided. The following program interspersed with music was given: Prayer by pastor, Rev. H. L. Greenawalt. Reading by Mrs. L. B. Dumm. Address of evening by Rev. A. O. Becker, 12 years a missionary in India, on "Lutheran Missions in India," which was very interesting and instructive and was most highly appreciated. A short history of society by Miss Maud Parr. Society was organized Feb. 22nd, 1906, and had at present forty members. The roll call by Secretary Miss Hazel Taylor followed, members responding with verses of Scripture. Thank offering was \$13.50.

Y. M. C. A. Notes

The Y. M. C. A. basketball team reports organization for the winter and expects to play the first game next week on the High school floor. There is some good material in sight, and Capt. Keith is anxious to try out the line-up. Assistant Coach Alley of Newark. High's doughty football eleven, is playing on Keith's organization.

The Hi-Y club is in full swing, and is holding its charter open for a few weeks for singers. Those who come in late will be practised on by the initiation team. The officers chosen at the organization meeting were: Saul Schonberg, president; St. Foster, vice president; Ed Essington, secretary; Seward Legge, sergeant at arms; and William Hillman, critic.

The business men's class has moved into their new dressing room, and are as comfortable as two bugs in a rug, the comparison breaking down, however, in the matter of numbers.

A letter from Mr. Johnson, written at the Railroad Y. at New York, reads in part as follows: "It will seem increasingly strange to me to be so far away from the work which I have become so devoted to. Will you please remember to thank the boys through the notes for the shaving outfit they gave me. I am making use of it already—it does the business." Mr. Johnson's address in Paris will be: 12 Rue d'Assuesseau. His mail will be forwarded to him from that point.

Russell Tharp, Charnock Wilson, and John Hornby, attended the Southern State Older Boy's Convention of Ohio, at Piqua, Friday to Sunday of last week. A report of the convention will be given at the

WE ACCEPT LIBERTY BONDS AS CASH—ONLY 13 MORE SHOPPING DAYS BEFORE XMAS.

Your Gifts---How To Buy Them Best

THE STORE THAT SERVES YOU BEST

Meyer & Lindorf
NEWARK, OHIO.

EAST SIDE OF THE SQUARE

You want your gifts to look a little better than the money they cost. And so this store has brought its prices down to rock-bottom—has bought more closely than it ever bought before, and has given you the full benefit of its savings.

You want your gifts to be little different from the ordinary ones that everybody gives.

And so this store has gone out of its way to pick up things, here and there and everywhere, that have some mark of distinction—that impress everyone right away as being different.

You want your gifts to come within the range of the amount you have allowed for Xmas-shopping—and, if possible, leave you a little over for the unexpected needs of Xmas week. And so this store does not try to get a few cents more from you for each article you purchase—but makes every effort to satisfy your wants at the price you wish to pay.

In short, this store is your helper in Xmas shopping—a courteous, reliable, serviceable friend, whose assistance you can take freely and without after-regrets.

MUSIC

The vagaries of a musician's life are unnumbered, but perhaps the most astonishing incidents of his career befall him when he is on tour. So at least thinks Josef Stransky celebrated conductor of the Philharmonic Orchestra, which will be heard here on Dec. 19, at the Auditorium. Mr. Stransky tells the following story which happened to him while the Philharmonic was on tour last season.

"I was waiting in a railroad station in Columbus, Ohio, my trunk, by the way, never arrived. A stout man who was sitting next to me started a conversation. After we had

talked for several moments on the topics which one always reviews under these circumstances, he finally asked me in what line of business I was engaged. I prepared to create a mild sensation. Said I nonchalantly, 'Why I am the Philharmonic conductor.' He received the information rather more calmly than I had hoped, but there was a puzzled look in his eye. After thinking over the matter for some moments he turned to me again as if trying to recall something, 'The Philharmonic? the Philharmonic?' he said, 'Why, what railroad is that?'

A patriotic song service will be held in the High School Auditorium tomorrow afternoon at 4 o'clock. Everybody invited.

JOSEF STRANSKY.
Conductor, Philharmonic Orchestra Auditorium, Dec. 19th.

PAINLESS JOINTS

The Country is Full of Them Since Druggists Commenced to Sell "Neutrone Prescription 99"

There is no reason on earth why any one should suffer another day with painful, inflamed, swollen joints or muscles of any kind arising from rheumatism, when you can get a large bottle of "Neutrone Prescription 99" for 50c and \$1.00 the bottle.

Not a liniment, mind you, to clog up the pores, but a blood-purifying, soothing and healing internal remedy that takes out all soreness and pains and leaves the muscles feeling fine and comfortable.

You may be so sore and crippled that you can not get around, but take a few weeks' treatment of "Neutrone Prescription 99" and you will enjoy entire freedom from rheumatism.

Use "Neutrone Prescription 99" for chronic rheumatism, for gout, for the kidneys. Use it when you feel an attack coming on and you will be mightily well pleased with the result.

Evans' Drug Store, Newark, O., and leading druggists everywhere. Evans' Drug Store, Newark, Ohio, and leading druggists everywhere.—Advertisement.

Sore Eyes, Granulated Eyelids, Eyes Inflamed by exposure to Sun, Wind and Rain, quickly relieved by Murine Eye Remedy. No smarting, just Eye Comfort. Ask your Druggist or by mail, 50c per bottle. For Book of the Eye Free ask Murine Eye Remedy Co., Chicago.
